## GENERAL INFORMATION for RESIDENTS

Because the general public is often unaware of various laws and regulations, the Town of South Hampton has prepared the following list as a guide for those considering actions for which some regulatory system is in place. This list is for information only and the public should consult the appropriate Officials or Boards for further details.

WETLANDS:	No digging, filling or other flow modification in wetlands, as defined by Land Use Ordinances	Permit approval by Conservation Commission
SUBDIVISION:	Must meet requirements of Zoning Ordinances and Regulations	Planning Board
HOME OCCUPATION:	Use of home for business	Board of Adjustment
COMMERCIAL ZONE:	Commercial development	Planning Board (Site Plan Review)
BUILDING PERMIT:	No construction or demolition until permit is fully signed	Building Inspector
OCCUPANCY PERMIT:	No occupancy or use of new or modified building until approved	Building Inspector
HISTORIC DISTRICT:	No construction or modifications in those districts without approval	Historic Commission
SEPTIC SYSTEMS:	Must meet State and Town standards	Health Officer
SAND AND GRAVEL EARTH REMOVAL:	Must have permit for excavation	Planning Board
BONFIRES:	No burning without a permit	Fire Warden
TIMBER HARVEST:	Yield tax, limits on cutting	Selectmen
MOTOR VEHICLE:	Annual renewals on birth month	Town Clerk
DOG LICENSE:	Annual renewal, rabies shots	Town Clerk
VOTER REGISTRATIONS:	Upon establishing residence	Town Clerk OR Supervisors of the Checklist
REFUSE DISPOSAL:	Weekly pickup, Thursday; limitations on volume and type, please inquire about Recycle Program	Selectmen
JUNK CARS:	No more than two unregistered vehicles	Selectmen
STRAY ANIMALS:	Dogs must be controlled by property owners	Police

Please refer to directory of officers and appointees for individual names. Additional information may be found in the various reports from the officials.

# WARRANT

## ANNUAL TOWN MEETING

### TOWN of SOUTH HAMPTON, NEW HAMPSHIRE

1991

To the inhabitants of the Town of South Hampton in the County of Rockingham,  
in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday the 12th day of March, 1991, at 11:00 in the morning to act on Articles 1 and 2.

You are also hereby notified to meet at the Town Hall in said Town on Wednesday, the 13th day of March at 7:30 in the evening to act on Article 3 and all subsequent Articles.

1. To choose all necessary Town Officers for the year ensuing:

Selectman	3 Years
Budget Committee	3 Years
Treasurer	1 Year
Auditor	1 Year
Highway Agent	1 Year
Trustee of the Trust Funds	3 Years
Trustee of the Cemetery	1 Year
Trustee of the Library	3 Years
Constable	1 Year

2. To see if the Town will vote to adopt Amendments I, II and III as proposed by the Planning Board for the Town Zoning Ordinance as follows:

1.

Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows:

AMEND Section III, Paragraph 15, to read as follows:

- I. The extraction of, for export and sale of, the natural water resources of the Town of South Hampton is not permitted. The Planning Board will regulate the extraction of other natural mineral resources under its site plan review authority.

(This amendment brings the Zoning Ordinance into conformity with excavation regulations the Planning Board is adopting pursuant to State law.)

III.

Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows:

- II. AMEND Section III, Paragraph 17, dealing with test pits and percolation tests to read as follows:

Only soil scientists and septic system designers who are licensed or certified by the State of New Hampshire shall perform percolation tests and analyze test pits. The Town's Health Officer or his agent shall observe the tests. A fee shall be paid by the owner according to a schedule established by the Board of Selectmen.

(This amendment deletes the prohibition against perc tests between May 30 and September 30 and states other requirements pursuant to existing State and Local regulations.)

---

Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows:

- III. To adopt an Aquifer Protection District and accompanying regulations, pursuant to RSA 674:16-21, in order to protect, preserve and maintain potential groundwater supplies and related groundwater recharge areas within the town.

(This amendment to be added as a new and separate section of the ordinance, defines the aquifer protection district boundaries and established engineering requirements, design and performance standards and use regulations for development and construction within the aquifer district. The full text of the section is on file in the Library and the Town Clerk's Office.)

3. To see if the Town will vote to raise and appropriate the sum of \$225,405 for the general operations of the Town (majority vote required).

Town Officers Salary	\$ 12,250*
Town Officers Expenses	18,000*
Election & Registration	600*
Cemeteries	2,000*
Government Buildings	8,000
Re-appraisal of Property	4,000
Planning & Zoning	2,000*
Legal	10,000*
Regional Associations	750*
Contingency Fund	100*
Board of Adjustment	300*
Police Department	37,400*
Fire Department	14,000*
Fire Truck Payment	10,900**
Civil Defense	100*
Building Inspection	100*
Winter Maintenance	15,000*
Highway Block Grant	11,000*
Summer Maintenance	16,000*
Garbage Removal	39,000*
Recycle Program	1,000**
SRRDD/SRSWD	125**
Health Department	2,400
Hospitals & Ambulances	400*
Animal Control	100*
General Assistance	100*
Old Age Assistance	100*
Library	10,980
Parks & Recreation	1,500*
Conservation Commission	100*
FICA	2,000*
Unemployment Compensation	100
Insurance	5,000*

---

SUB TOTAL WITH OUT WARRANT ARTICLES: \$225,405

4. To see if the Town will vote to urge the Selectmen to try to recoup any and all expenses incurred by others in its legal defense.
5. To see if the Town will vote to purchase a new Police Cruiser for the sum of \$13,079 and to further appropriate the sum of \$5,479 and to remove the \$7,600 from the Capital Reserve Fund.

\* Denotes no change or decrease from last year, please refer to details on Department expenses.

\*\* Denotes NQT on general operating budget last year

6. To see if the Town will vote to raise and appropriate the sum of \$3,000, for the repair of the Tennis courts, to be added to the encumbered amount of \$5,000, raised at the 1990 Town meeting, for the purpose of repairing the Tennis Court surface, as the original amount was insufficient to make the necessary repairs.
7. To see if the Town will vote to allow the Board of Selectmen to set the following fees for services rendered from the Town's volunteer Officials, and to pay these Officials from these Permit fees, part of which will be returned to the General Fund of the Town:

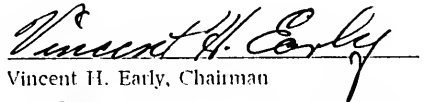

Building Permit	Fees Already Established
Driveway Permit	\$30.00 / \$10.00 Returned to Town
Hauling Permit	\$30.00 / \$10.00 Returned to Town
Heating Permit	\$30.00 / \$10.00 Returned to Town
Occupancy Permit	\$30.00 / \$10.00 Returned to Town
Perc Testing	\$30.00 / \$10.00 Returned to Town
Septic Permit	\$30.00 / \$10.00 Returned to Town

The applicants will be responsible for these payments at the time the application is acted upon.

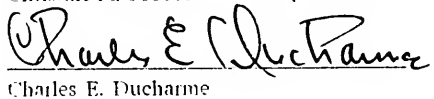

8. To see if the Town will vote to rescind Article 20, adopted at the 1990 Town meeting under the provisions of RSA 79-A:25 which places 100% of all future land use change tax revenues in a conservation fund established in accordance with RSA 36A, (after discussion with the Department of Revenue Administration of the State of New Hampshire).
9. To see if the Town will vote to continue the contract for waste disposal with the Kingston Landfill beyond the period of the present contract which expires December 1991.
10. To see if the Town will vote to allow the Board of Selectmen to investigate other avenues of waste disposal to include the transfer station in Town of Newton, New Hampshire.
11. To see if the Town will vote to allow hunting within its borders to those persons who have received permission from the landowner on whose land they wish to hunt. Said hunters must have written permission signed by the landowner in their possession at all times; and upon request, it shall be shown to any police officer, officer of the New Hampshire Fish and Game Department, or any property owner or his/her agent. Any person violating any provision of this by-law shall be punished by a fine of \$100 for each offense (by petition of Townspeople).
12. To see if the Town will vote to allow the Students of The Barnard School to permanently display the banners attained by the Basketball Team, The Hawks, where all the Townspeople may acknowledge the team's accomplishments in light of the fact that there is not appropriate place to properly display these awards in the school (by petition of Townspeople).
13. To see if the Town will vote to urge the Planning Board to revise the Home Occupation Zoning Ordinance.
14. To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend federal and state grants which may become available during the course of the year, in accordance with RSA 31:95-b, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the town may legally appropriate money.

15. To see if the Town will vote to authorize the Board of Selectmen to hire money in anticipation of taxes.
16. To see if the Town will vote to allow the Board of Selectmen to dispose of surplus Town property.
17. To transact any other business that may legally come before this meeting.

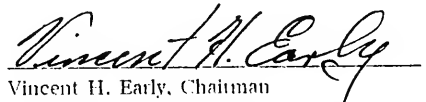

GIVEN UNDER OUR HANDS AND SEALS AT SOUTH HAMPTON THIS 19TH DAY OF FEBRUARY,  
1991

  
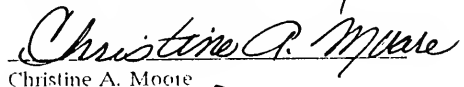

Vincent H. Early, Chairman

  
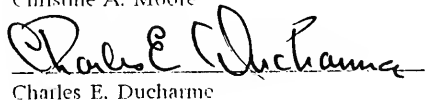

Christine A. Moore

  
Charles E. Ducharme

ANNUAL TOWN MEETING  
SOUTH HAMPTON, N.H.  
March 13th & 14th, 1990

At a legal meeting of the inhabitants of the Town of South Hampton, in the County of Rockingham, in the State of New Hampshire, qualified to vote in Town affairs, held on March 13th, 1990 at the South Hampton Town Hall, the following business was transacted:

The Town Warrant was read by Moderator Horace Cressy. Christine Moore made a motion to open the polls and close at 8:00 p.m. or at the discretion of the Moderator, seconded by Charles Ducharme and so voted. Ballot Clerks for the election day were Audrey Miller and Sarah Moore. Christine Moore made a motion to open the absentee ballots at 2:00 p.m., seconded by Charles Ducharme and so voted. Lee Knapp requested a public inspection of the ballot box. The absentee ballot of Kristin Noon and the ballot of Jeremy Riecks were challenged by Lee Knapp. Pamela Noon stated that Kristin Noon is a resident. Jeremy Riecks signed a Challenge of Voter Affidavit.

ARTICLE I - Town Officers were elected as follows:

Moderator, 2 yrs., Horace T. Cressy, 274 votes, elected  
Dennis Blair, 62 write-in votes  
Supervisor of Checklist, 6 yrs., Gordon D. Motley, 323 votes, elected  
Supervisor of Checklist, 4 yrs., Cheryl Cronin, 87 write-in votes, elected  
Selectman, 3 yrs., E. JoAnn Hill, 191 votes  
Christine A. Moore, 225 votes, elected  
Selectman, 2 yrs., Charles E. Ducharme, 209 votes, elected  
Lee Knapp, 205 votes  
Town Clerk, 3 yrs., Carol A. Baker, 396 votes, elected  
Auditors, 1 yr., David Cronin, 87 write-in votes, elected  
George (Pete) Briggs, 13 write-in votes, elected  
Highway Agent, 1 yr., John Santosuosso, 345 votes, elected  
Trustee of Trust Fund, 3 yrs., Peter D. Oldak, 276 votes, elected  
Barbara Czumak, 88 write-in votes  
Trustees of Cemeteries, 1 yr., Walter M. Hill, 285 votes, elected  
Frank Moore, 81 write-in votes, elected  
Trustee of the Library, 3 yrs., Madeleine Burrill, 349 votes, elected  
Annette Krafton, 8 write-in votes  
Budget Committee Member, 3 yrs., Edward Condon, 224 votes, elected  
Walter F. Shivik, 179 votes  
Budget Committee Member, 1 yr., Albert B. Blackadar, 198 votes  
Margaret F. Miller, 212 votes, elected  
Constable, 1 yr., John Santosuosso, 351 votes, elected

School District Officers were elected as follows:

Moderator, 1 yr., Dennis T. Blair, 211 votes, elected  
Horace T. Cressy, 205 votes  
School Clerk, 1 yr., Audrey G. Brunet, 377 votes, elected  
School Board Member, 3 yrs., Daniel J. Mahoney, 199 votes  
Pamela A. Noon, 223 votes, elected  
School Board Member, 2 yrs., William A. Donovan, Jr., 178 votes  
Donna M. Moore, 229 votes, elected  
School Treasurer, 1 yr., Lynn M. Wiggin, 305 votes, elected  
Patricia Nicol, 76 write-in votes

ARTICLE II - Town Zoning Ordinance Amendments were voted as follows:

1. Amend Section 5 of Article IV of the Zoning Regulations to regulate home occupations. 182 YES VOTES - 196 NO VOTES - DEFEATED
2. Amend Article VII of the Zoning Regulations to regulate building in the Wetlands Conservation District. 241 YES VOTES - 144 NO VOTES - PASSED
3. Add Article XIX to regulate signs in the Town of South Hampton. 234 YES VOTES - 139 NO VOTES - PASSED
4. To redesignate Article III, Section 2(c) of the South Hampton Zoning Ordinance to Article III, Section 2(c) (i) and insert new subparagraph Article III, Section 2(c) (ii) to read as follows:  
  
2.(c) (ii) In accordance with RSA 149-E3-C, prior to expanding or occupying an existing seasonal structure on a (full-time) basis, the owner must submit to the N.H. Department of Environmental Services Water Supply and Pollution Control Division (WSPEC) an application for approval which includes either (a) evidence that the existing sewage disposal system meets current state and local standards or (b) a design for a new system which meets current standards.  
258 YES VOTES - 126 NO VOTES - PASSED
5. Amend Article XII of the Zoning Regulations to read: This ordinance shall not apply to existing structures or to the existing use of any building. A non-conforming structure or use shall not be:  
  
A. Altered for use for a purpose or in a manner substantially different from the use to which it was put before alteration;  
B. Once changed to a conforming use, never returned to a non-conforming use;  
C. Re-established after abandonment of land for one year and structure for two years, except to a use and/or structure conforming to this ordinance.  
D. Rebuilt after damage exceeding 75% of its gross physical valuation as determined by the local assessors, except in accordance with this ordinance. Any such ruined structure or foundation shall be removed to ground level and left in a safe condition within one year.  
205 YES VOTES - 161 NO VOTES - PASSED

After the ballots were counted, the following elected officials were sworn in by the Moderator: Margaret Miller as Budget Committee Member, Gordon Motley as Supervisor of the Checklist, Pamela Noon as School Board Member, Lynn Wiggin as School Treasurer, Audrey Brunet as School Clerk, John Santosuosso as Highway Agent and Constable, Edward Condon as Budget Committee Member, Dennis Blair as School Moderator, Donna Moore as School Board Member, Frank Moore as Cemetery Trustee, Christine Moore as Selectman, and Carol Baker as Town Clerk.

The following evening on March 14th, Moderator Horace Cressy called the meeting to order at 7:33 p.m. JoAnn Hill made a motion to recess the meeting at 11:00 p.m. and resume Tuesday, March 20th at 7:30 p.m., seconded by Vincent Early and so voted.

ARTICLE III - To see if the Town will vote to raise and appropriate the sum of \$215,279 for general operations of the Town. (Majority vote required) JoAnn Hill made a motion to amend Article III by adding an additional \$2,000 to the sum due to an additional charge by Cates Rubbish Removal Service, seconded by Vincent Early and so voted. The amended article was put to a vote but there was confusion over what was being voted. Discussion followed. Margaret Kiely questioned the increase in Town Officer Expenses. JoAnn explained it was due to additional secretarial hours, computerized billing costs, a second copier and other office equipment. Brenda Oldak commented on the percentage of increases in the various departments over the past five years and asked Wayne Theriault to explain the Police Budget increase. He responded it was due to more police coverage. Dan Mahoney suggested that some of this increase was due to insurance costs being moved from the general fund to the particular departments. Ilsa Briggs asked the Chief why we are not charging the owners for false alarms as we have an ordinance on the books that makes the individual responsible for costs incurred. Chief Theriault felt this was a service to the Town. Ilsa disagreed - repeat calls should be the individual's responsibility, not the taxpayers'. JoAnn Hill also commented that new health insurance coverage for the Chief and his wife had been added to the Police Budget. Lutz Wallem noted we have better police coverage now and reviewed their budget. Ted Nelson commended the Police for their prompt response to two incidents in the past year. Discussion followed on whether or not the amended article had been voted. Vincent Early made a motion to reconsider the article, seconded by Ed Condon and so voted. The amended article was voted and passed.

ARTICLE IV - To see if the Town will vote to raise and appropriate the sum of \$4,500 to purchase computer and word processing equipment. Motion made by JoAnn Hill and seconded by Vincent Early. Barbara Czumak asked what the components consisted of. James VanBokkelen explained the system. Lutz Wallem questioned whether enough Town Personnel were familiar with computers to make it worthwhile and asked what it would be used for. JoAnn explained the accounting procedures the various departments could utilize. Barbara Czumak was asked if it would be possible to purchase this computer equipment for \$3,000 and she responded - yes. Christine Moore amended the Article to the sum of \$3,000, seconded by Dan Goldthwaite. Ilsa Briggs was concerned about sacrificing functions with this amendment. The amendment was voted by hand count and lost - 32 for and 39 against. The motion was voted and passed.

ARTICLE V - To see if the Town will vote to raise and appropriate the sum of \$20,000 for Town Hall improvements. The motion was made by Vincent Early and seconded by Ed Condon. Lutz Wallem questioned whether \$20,000 would cover all repairs listed and suggested having the work done to meet required codes first. Audrey Miller noted the difficulty of the elderly and handicapped climbing the stairs to the Selectmen's Office. Several others felt it important to maintain the building. The motion was voted in the affirmative.

ARTICLE VI - To see if the Town will vote to raise and appropriate the sum of \$1,500 for the restoration of historic documents, the Town Clerk Record Book started in 1838. The motion was made by Carol Baker and seconded by Vincent Early. The first Town Meeting Book that had been restored the year before was shown. The motion was voted in the affirmative.

Jeremy Riecks made a motion to consider Article XXII before we vote on Article VII, seconded by Margaret Miller and so voted.

ARTICLE XXII - To see if the Town will vote to convey to the South Hampton School District a parcel of land on Hilldale Avenue which is bounded on three sides by land in the Pow Wow River State Forest which the South Hampton School District leases from the State of New Hampshire. Dan Mahoney made a motion to amend the article by adding the following: if during a period, not to exceed three years, it is shown that a savings of \$100,000 or more can be recognized by the Town for the construction of a new school facility. Christine Moore seconded. The wording was questioned and Pam Noon felt this article could create problems with a clouded title. The Town Clerk read the amendment and Mr. Wallem noted that Mr. Mahoney added: inclusive of a ballfield and tennis court to the amendment. The amendment was voted and passed. Ted Nelson moved that Article XXII, as amended, be tabled until it is rewritten and verified as being legal, seconded by David Riecks and so voted.

ARTICLE VII - To see if the Town will vote to raise and appropriate the sum of \$7,900 for the repair of the Tennis Court surface and fence. The motion was made by Vincent Early and seconded by JoAnn Hill. Ed Condon made a motion to table this article until we clear up Article XXII, seconded by William Brousseau and voted in the affirmative.

JoAnn Hill made a motion to reorder the articles as follows: IX, XI, XII, XIII, XIV, XV, XXI, XXIII, XXVI, XXVII, XXVIII, seconded by Dan Mahoney and so voted.

ARTICLE IX - To see if the Town will vote to raise and appropriate the sum of \$4,610 for the payment of the Town's share of the budget of the Southeast Regional Refuse Disposal District and Southeast Regional Solid Waste District. Motion was made by JoAnn Hill and seconded by Vincent Early. The article was voted in the affirmative.

ARTICLE XI - To see if the Town will vote to raise and appropriate the sum of \$10,900 for the second payment of the lease/purchase agreement for the tanker/pumper voted on at Town Meeting 1989. Motion was made by JoAnn Hill and seconded by John Santosuosso. The article was voted in the affirmative.

ARTICLE XII - To see if the Town will vote to discontinue the Capital Reserve Fund created in 1988 for the purchase of a fire truck. Withdrawal from this fund as established has been disallowed by the DRA for the Lease/Purchase agreement. Said funds, with accumulated interest to date of withdrawal, to be transferred to the Town's general fund. Motion was made by JoAnn Hill and seconded by Peter Oldak and voted in the affirmative.

ARTICLE XIII - To see what action, if any, the Town wishes to take regarding the Vozzella property. Motion made by Vincent Early and seconded by Ilsa Briggs. Mr. Early explained that the Selectmen are asking how far does the Town want to go with this? JoAnn Hill added - court action had to be initiated before they were successful in getting the house boarded up. RSA 155-B:2 was read. James VanBokkelen amended the motion to direct the Selectmen to enforce RSA 155-B:2 as regards the Vozzella property, seconded by Dan Goldthwaite and so voted. The amended article was voted in the affirmative.

ARTICLE XIV - To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a purchase of a Police Cruiser and to raise and appropriate the sum of \$7,600 to be placed in this fund and to designate the Selectmen as agents to expend. Motion made by JoAnn Hill and seconded by John Santosuosso. It was questioned whether this was for an

additional cruiser or a replacement. Chief Theriault responded - replacement. The article was voted in the affirmative.

ARTICLE XV - To see if the Town will vote to allow Public Safety Officials to participate in the evacuation plans for Seabrook Station, and to provide protection to the citizens of South Hampton if it goes on line. Motion made by Vincent Early and seconded by John Santosuosso. John Gamble urged passing the article. Walter Shivik spoke in opposition to the article and related his experiences dealing with the NRC and Public Service. He does not believe co-operating with Public Service will make any difference in terms of the evacuation plan. Ed Condon felt it is now on line and we should recognize that there could be a problem there and we should be prepared for some kind of plan to help the people in this town. Fred Anderson agreed - it is now time to do something. The article was voted in the affirmative.

ARTICLE XXI - To see if the Town wishes to adopt the provisions of RSA 38:1 which amends RSA 41:9a ESTABLISHMENT OF FEES. The adoption of this amendment would allow the Selectmen to establish fees, without further vote of the Town, as provided in this section. Motion made by JoAnn Hill and seconded by Vincent Early. JoAnn explained it refers to fees of the Building Inspector, Health Officer, Fire Inspector, etc., to make reasonable compensation to those performing these services. Fred Anderson made a motion to table the article until continuation of this meeting and hoped Selectmen would provide copies of the RSA involved, seconded by Rebecca Riecks and so voted.

ARTICLE XXIII - To see if the Town wishes to continue the contract for waste disposal with the Kingston Landfill beyond the period of the present contract which expires December 1990. Motion made by JoAnn Hill, seconded by Vincent Early. JoAnn explained that under the agreement developed by the Solid Waste District, Turnkey Landfill offered a contract at \$47.50/ton. There is a three-year period for towns to decide to participate. Kingston has gone to a fee of \$50/ton plus \$7 per truckload. We can continue with Kingston and Cates or we can opt to go with Turnkey, which will reduce our cost on a per-time basis, but will have an additional cost for transportation of waste from Kingston to Rochester of 34¢ per household per week. The motion was voted in the affirmative.

Motion was made by Vincent Early to recess until next Tuesday at 7:30 p.m., seconded by Ed Condon and so voted.

Respectfully submitted,

*Carol A. Baker*

Carol A. Baker  
Town Clerk

RECONVENED TOWN MEETING  
SOUTH HAMPTON, N.H.  
March 20th, 1990

Vincent Early made a motion to reconvene the Town Meeting recessed on March 14th, 1990, seconded by Walter Hill and so voted.

ARTICLE XXVI - Shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? (Ballot yes/no vote required) Motion made by Vincent Early and seconded by John Santosuosso. The article was voted in the affirmative by ballot with 91 YES and 6 NO votes.

ARTICLE XXVII - Shall we adopt optional adjusted elderly exemptions from property tax? The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: for a person 65 years of age up to 75 years, \$20,000; for a person 75 years of age up to 80 years, \$30,000; for a person 80 years of age or older, \$40,000. To qualify, the person must have been a New Hampshire resident for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or, if married, a combined net income of less than \$12,000; and own net assets not in excess of \$45,000, excluding the value of the person's residence. Motion made by Vincent Early and seconded by John Santosuosso. Charles Ducharme spoke in favor of this article. JoAnn Hill explained how they arrived at the dollar amounts. Jim Miller questioned whether Social Security income was excluded from net income. JoAnn affirmed that it is excluded. The article was voted in the affirmative by ballot with 100 YES votes and 3 NO votes.

Ted Nelson made a motion to remove from the table ARTICLE XXII, as amended, seconded by Bill Brousseau. The amended article was read. A vote was taken to take the Article off the table. Judy Shivik explained that she called School Counsel to ask about the wording of the amendment. He advised that it was not well written for two reasons: 1 - such a controversial issue, there would never be agreement about the \$100,000 savings; 2 - Town Meeting decides business of the present, not three years into the future. He suggested the following be added to the original motion: upon condition that the Town be granted a permanent rent-free lease to the ballpark and tennis court as they are presently located or as they may be located in the future. Mrs. Shivik also asked him to address the concern of Revenue Sharing Funds being used in connection with the tennis court and he said this amendment did not infringe upon that right because it was the intent that the tennis court be available for public use, and it would not be a problem. Dan Mahoney withdrew the amendment and Christine Moore withdrew the second. Bill Courtney moved that the Town adopt the new wording of Article XXII advised by Counsel and as read by Judy Shivik, seconded by Judy Shivik. The amount of acreage involved was questioned. Walter Shivik recalled a map exists showing 2 acres for the ballpark-tennis court and 52 acres as State Forest. Ilsa Briggs felt the school would have the rights over all the land and questioned whether the State would permit use of land for the tennis court. Dan Mahoney stated that under the terms of the lease, anything done to the land has to be approved by the State. Lutz Wallem responded it would be difficult for the Town to convey it without knowing whether the State would approve. Ed Condon felt the School Board premature in asking for the land. Walter Hill stated the land must be owned before the planning process. Audrey Miller made a motion to close the

debate, seconded by Pam Gosselin and so voted. The amendment was voted by hand count - 54 in favor and 50 against. The amendment passed. The amended article was voted by hand count and lost - 47 in favor and 54 against.

ARTICLE XXVIII - To see what interest the Town would have in the building owned by the Barnard Trust. Vincent Early moved that we open up this article for discussion, seconded by Ed Condon. Peter Bryant, Trustee, explained that the costs of keeping the building up are outstripping the revenues of the trust. The Trustees are asking if the Town wants the building, then they would vote on relinquishing it. Lutz Wallem felt the intent of Mr. Barnard was for education not necessarily a building. Donald Hellen, Trustee, agreed that they would not break the Trust - the money they would have spent on the building would go to defray the cost of education. Ed Condon asked if the State would be able to mandate any programs if the school were owned by the Town. Peter Bryant did not feel it would matter whether the Town or the Trust owned it. Dennis Blair questioned why they considered conveying the building to the Town rather than the School District. Peter Bryant responded that the Trustees felt that in the event a new school may be built, it would be better to have the Town own it. Ted Nelson made a motion that the Board of Trustees, in conjunction with the School Board and the Selectmen, investigate with the proper authorities the ramifications of transferring the title of the Barnard School and land on which it stands to an official body of the Town of South Hampton and made recommendations to the next Town Meeting, seconded by Ed Condon. Mr. Bryant felt the last article would take care of this. Vincent Early made a motion to vote yes or no, seconded by Dennis Blair and it was voted in the affirmative.

Lutz Wallem made a motion to untable Article 7, seconded by Ted Nelson and so voted.

ARTICLE VII - Motion made by Vincent Early and seconded by Walter Hill. Ted Nelson stated that the fence is in poor condition but felt it could be repaired for less than \$7,900. Lutz Wallem commented that the Budget Committee recommended \$5,000. Ed Condon amended the amount to \$5,000, seconded by Rebecca Riecks and it was voted in the affirmative.

ARTICLE VIII - To see if the Town will vote to raise and appropriate the sum of \$1,000 for the purpose of white goods disposal and to implement local recycling. Motion made by JoAnn Hill and seconded by John Santosuosso. James VanBokkelen said he understands white goods to be refrigerators, washers, etc, but questions recycling. JoAnn explained that \$200 would be used for the Recycling Committee to educate the community and go forward with a plan. Ilisa Briggs asked what would be provided for the remaining \$800. JoAnn responded - metal goods would be picked up twice a year. Roy Syvertson made a motion to move the article, seconded by Ted Nelson and so voted. The article was voted in the affirmative.

ARTICLE X - To see if the Town will vote to raise and appropriate the sum of \$1,000 to be placed in the Capital Reserve Fund for Land Acquisition established for that purpose at Town Meeting 1988. Motion was made by Vincent Early and seconded by Ted Nelson. Jim Miller asked how much is in the fund and Mr. Early answered \$1,500. The article was voted in the affirmative.

ARTICLE XVI - To see what action the Town wishes to take regarding the large safe formerly housed in the office of the Town Clerk: Shall the Selectmen be authorized to offer the safe for sale, or should the Selectmen be authorized to store it indefinitely until a suitable site is available or should the

Selectmen be directed to return the safe to the Town Hall? JoAnn Hill moved that the article be opened for discussion, seconded by Vincent Early. Lutz Wallem moved that the Selectmen get bids and sell it, seconded by Ed Condon. It was voted in the affirmative.

ARTICLE XVII - To see if the Town will vote to establish a full-time position of Police Chief and to charge the Selectmen with negotiating a contract of salary and benefits with the person they are authorized to appoint. Motion was made by Vincent Early and seconded by John Santosuosso and voted in the affirmative.

ARTICLE XVIII - To see if the Town will vote to close the parking lot in front of the Barnard School and Town Hall to all vehicular access except to those with a handicap/physical limitations, deliveries, trash removal, school bus, the U.S. Mail, between the hours of 8:00 a.m. and 4:00 p.m. on school days. (By petition of ten registered voters) Motion was made by Brenda Oldak and seconded by John Gamble. A letter from Town Counsel was read to the voters explaining that regulations pertaining to Town Highways is vested in the Selectmen. The Moderator explained that this article is invalid. If a motion is made, the vote will be advisory only. Walter Shivik moved that the Selectmen be strongly urged to create a no-parking zone in the front of the Town Hall, seconded by Walter Hill. The motion was voted and lost.

ARTICLE XIX - To see if the Town will vote to close Hilldale Avenue to thru traffic between Jewell Street and the southwest corner of the Town Common between the hours of 8:00 a.m. and 4:00 p.m. on school days except for the school bus and the U.S. Mail vehicle. (By petition of ten registered voters) The Moderator declared this an invalid article.

ARTICLE XX - To see if the Town will vote to adopt the provisions of RSA 79-A:25 and vote to place 100% of all future land use change tax revenues in a conservation fund established in accordance with RSA 36-A. Motion was made by Vincent Early and seconded by James VanBokkelen. James VanBokkelen, speaking for the Conservation Committee, recommended the article be accepted. The article was voted in the affirmative.

Ted Nelson made a motion to remove Article XXI from the Table, seconded by Dennis Blair and so voted.

ARTICLE XXI - Vincent Early moved that the article be accepted as read, seconded by Ted Nelson. A copy of the RSA was distributed. Peter Oldak spoke against the motion - felt fees should be discussed at Town Meeting. James VanBokkelen was in favor of the article - to shorten Town Meeting. The motion was voted and defeated.

ARTICLE XXIV - To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend federal and state grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money. Motion made by Vincent Early, seconded by Barbara Czumak. Roy Syvertson questioned whether these funds may come with strings attached. John Santosuosso explained this article covers the State Highway Grant. The article was voted in the affirmative.

ARTICLE XXV - To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes. John Santosuosso moved the article be accepted as read by the Moderator, seconded by Donald Hellen. The article was voted in the affirmative.

ARTICLE XXIX - To see if the Town will vote to designate and proclaim April 22, 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment." Motion was made by JoAnn Hill, seconded by Vincent Early and so voted.

ARTICLE XXX - To see if the Town will vote to allow the Selectmen to dispose of surplus Town property. The motion was made by John Santosuosso and seconded by James VanBokkelen. Calvin Eaton asked whatever happened to the old settees? Walter Shivik responded that there are six or eight of them in the attic. Ted Nelson amended the motion to include: giving first priority to citizens of the Town of South Hampton, seconded by Dan Mahoney. Audrey Miller suggested placing one of the settees in the hallway for people to sit on while waiting to get into the Town Clerk's Office. The amendment was voted and passed. The amended motion was voted and passed.

ARTICLE XXXI - To transact any other business that may legally come before this meeting.

Vincent Early reminded Townspeople to put their assigned box numbers on their mailboxes as required by the Post Office.

Walter Hill stated that volunteers are needed to serve on the Recycle Committee and as alternates to the District.

Ted Nelson made a motion to see if the Town will vote to direct the Selectmen to expend a portion of the \$20,000 voted under Article V for Town Hall Improvements to engage a consultant to determine the feasibility and cost of providing a water supply well and septic system to support school building modifications and/or improvements at the present school site. The Moderator explained that nothing is binding under this article. Ted withdrew the motion and stated he felt the Town made a serious mistake at the School District Meeting as the State says we must have an opinion of an engineer as to the feasibility of an alternate well and an acceptable septic system. By voting this down, we said - let's not do anything at all. We must determine if an addition to the Barnard School is a viable alternative to a new school. Ed Condon agreed and suggested the new School Board reconsider the article next year.

Vincent Early made a motion to see if the Town wishes to establish a commission for the celebration of the 250th anniversary of the Town in 1992. We would like to have some volunteers to make the preparations and raise some money. JoAnn Hill mentioned that Gary Crosby remarked that this Town has no Seal and suggested that the school be encouraged to develop a Town Seal Competition. The best designs could be used for the cover of next year's Town Report and the Town could vote for their selection. This could be tied in with our 250th Celebration.

Lutz Wallem feels we need a Town Newsletter to better publicize Town Meetings and hearings. Horace Cressy commented that the "Carriage Towne News" is delivered to every residence in Town. Ilsa Briggs said the Committee they are forming is exploring the possibility of a newsletter that would also serve as public notice for hearings. Mr. Wallem hoped they would change the name and there would be no editorials.

James VanBokkelen made a motion to adjourn the meeting, seconded by Ed Condon and so voted.

RECOUNT OF BALLOTS CAST  
IN ANNUAL TOWN OF SOUTH HAMPTON ELECTION

In accordance with N.H. Election Law 669:30, a recount of the votes cast for the three-year and two-year terms for Selectman was held on March 22nd, 1990 at 9:30 a.m. at the South Hampton Town Hall. The recounts were requested by E. JoAnn Hill for the three-year Selectman term and by Lee Knapp for the two-year Selectman term. The Board of Recount included Moderator Horace Cressy, Town Clerk Carol Baker, Lutz Wallem and Andrea Condon. Observers were Charles Tucker, Esq. for Hill ballots and Pamela Noon for Moore ballots; Pamela Noon for Ducharme ballots and E. JoAnn Hill for Knapp ballots. Selectman Vincent Early also observed. Results of the recount are as follows:

Selectman (3-year term) E. JoAnn Hill received 191 votes  
Christine A. Moore received 227 votes

Selectman (2-year term) Charles E. Ducharme received 210 votes  
Lee Knapp received 206 votes

Respectfully submitted,

Carol A. Baker  
Town Clerk

## Town of South Hampton OFFICE OF SELECTMEN

To the Residents of South Hampton,

We, the Board of Selectmen, would like to thank all the Townspeople for their patience and understanding during this challenging year.

With frivolous court actions, great legal expenses, and constant harassment at Selectmen's meetings from last year's unsuccessful candidates, your Selectmen have continued to successfully manage the affairs of our community. In these trying times, as our Town continues to have declines in revenues and increases in operating costs, we are making a serious assessment of how to get the bills paid.

Through continued cooperation with the Department of Revenue Administration, we have discovered a serious error with last year's tax calculations. It appears that a \$75,000 Tax Anticipation Note was credited as a source of revenue, and never deducted as a deficit. This resulted in starting the 1990 calendar year with a \$157,000 (plus interest) deficit. There were also many 1989 calendar year debts that were charged to the 1990 calendar year budget. These errors resulted in a false lower tax rate.

Alternative methods and cuts are now being utilized to stabilize our Tax structure.

Town Hall repairs started with an independent appraiser giving the Selectmen the condition of the Town hall facilities and a list of repairs. We then advertised for bids, and only one contractor, Donald Currier, actually bid on the work.

Mr. Currier proposed to save the town additional expense by doing all the jobs at his cost, and, because many of these jobs were small, to do them during his slow season. We are continuing these needed repairs.

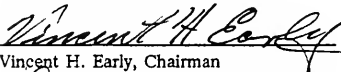

In our continuous effort to keep costs at a minimum, we have delayed purchases in order to get lower prices, and did not want to borrow additional monies, but we preferred to wait until our tax revenues were received. This Board has also met with Town Counsel in an attempt to minimize our legal expenses by negotiating settlements.

During the year, we have also opened up lines of communication with the School Board and the Barnard Trustees.

We feel it is important that we all work together for the betterment of our Town. With your continued help and support we feel we will be successful in our efforts to guide and operate the community.

Respectfully submitted,

Your Board of Selectmen

  
Vincent H. Early, Chairman

  
Christine A. Moore

  
Charles E. Ducharme

SOUTH HAMPTON  
HIGHWAY AGENT

Dear Residents,

All roads were patched in the spring and before cold weather. Some brush was cut, but due to a wet summer, growth was heavy and more cutting was needed. Dead trees and branches were removed as needed and more is to be cut. Some road tarring was done to stop cracks and hold roads together. Due to increased traffic on Locust St. and Chase Rd. both need work. I have tried with a small amount of monies to maintain our roads and I feel the money, as in the past, has been spent with this in mind.

With heavier traffic on our roads, due to contractors and building, we have more road maintenance to keep up with and if it is not done right our roads will suffer.

Respectfully Submitted,

John Santosousso  
Highway Agent

A handwritten signature in cursive script that reads "John Santosousso".

# South Hampton N.H. Fire Department

R.F.D. 2 • MAIN AVENUE  
SOUTH HAMPTON N.H. 03827

DEAR SOUTH HAMPTON RESIDENTS,

IN 1990 OUR TOWN LOST A LOT OF GOOD FRIENDS AND RELATIVES, MANY OF WHOM I HAVE KNOWN ALL MY LIFE. OUR RESCUE SQUAD SPENT MANY HOURS WITH MOST OF THEM TRYING TO MAKE THEIR LAST MOMENTS A LITTLE EASIER ON THEM AND THEIR FAMILY MEMBERS.

THIS YEAR 5 MORE MEN BECAME STATE CERTIFIED FIRE FIGHTER ONE. THE COST HAS SKYROCKETED BECAUSE OUR STATE STOPPED FUNDING VOLUNTEER TRAINING. ALL THE MEMBERS WORKED HARD TO KEEP THE COST OF THE DEPARTMENT DOWN.

WE RAISE MONEYS ALONG WITH DONATIONS AND HELP FROM THE FIRE ASSOCIATION, WHICH IS GREATLY APPRECIATED. THE MEMBERS RAISED ABOUT \$3,000.00 IN THE LAST 3 YEARS TO HELP REPLACE FIRE GEAR. THE TOTAL COST WAS OVER \$7,000.00. \$1,300.00 IS RECEIVED FROM THE TOWN AND \$1,000.00 A YEAR IS RECEIVED FROM THE FIRE DEPT AND ASSOCIATION.

WE WORK VERY HARD TO KEEP COSTS DOWN AND PROTECT LIFE AND PROPERTY.

RESPECTFULLY SUBMITTED,

JOHN GAMBLE, CHIEF  
NREMTA

## REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1,000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow, must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required, are liable for damages caused, fire suppression costs and subject to a \$1,000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

# Town of South Hampton POLICE DEPARTMENT

Telephone: 394-7990

WAYNE THERIAULT  
Chief of Police

P.O. BOX 220  
E. KINGSTON, N.H. 03827

AS THE YEAR 1991 BEGINS AND THE YEAR 1990 ENDS I WOULD AGAIN LIKE TO TAKE THE OPPORTUNITY TO THANK THE RESIDENTS OF SOUTH HAMPTON AND THEIR ELECTED OFFICIALS FOR THE SUPPORT IN OUR EFFORT TO BUILD A EFFECTIVE AND RESPONSIVE POLICE DEPARTMENT.

IT APPEARS THE TOWN WILL MOST CERTAINLY APPROVE THE SECOND HALF APPROPRIATION FOR A NEW POLICE CRUISER. THE AMOUNT BEING \$5,479.00 AS A CAPITAL EXPENSE ITEM THIS YEAR. AS THE POLICE DEPARTMENT STATED LAST YEAR WE WOULD PUT OFF THE PURCHASE OF A NEW CRUISER IN AN EFFORT TO KEEP TOWN EXPENDITURES TO A MINIMUM, BUT WE WANT TO STRESS THE FACT WE HAVE NO WAY TO ESTIMATE THE POSSIBLE MAINTENANCE COSTS INVOLVED IN OPERATING A POLICE CRUISER WITH 120,000 MILES ON THE ODOMETER.

DUE TO THE DIFFICULT ECONOMIC TIMES THERE WILL BE NO INCREASE IN THE POLICE DEPARTMENT BUDGET FROM LAST YEAR AND I WOULD LIKE TO EXPLAIN MY OVER BUDGET EXPENDITURES. THE FIRST ITEM WAS INSURANCE WHICH WAS BUDGETED FOR \$7,400.00 AND ACTUALLY COST \$8,884.78. IT IS HARD TO ESTIMATE EXACTLY HOW MUCH INSURANCE WILL COST WHEN BUDGETS ARE SET UP. THE SECOND ITEM WAS FOR CRUISER MAINTENANCE. THE BUDGET WAS \$800.00 AND THE FINAL WAS \$1,839.69. THE OVERAGE WAS DUE TO DAMAGE TO THE CRUISER DOOR FOR \$1,200.00. THE DEDUCTIBLE ON THE INSURANCE WAS \$1,000.00 AND BECAUSE OF THIS HIGH DEDUCTIBLE THE SELECTMEN FELT THAT THE INSURANCE COMPANY WOULD CHARGE HIGHER PREMIUMS AND DECIDED TO PAY REPAIR OUT OF THE BUDGET.

I WOULD ALSO LIKE TO REPORT THAT WE ARE IN OUR SECOND YEAR WITH THE D.A.R.E. (DRUG ABUSE RESISTANCE EDUCATION) PROGRAM. THE RESPONSE TO THE PROGRAM HAS BEEN GREAT. OUR SECOND GRADUATION IS COMING UP IN MARCH. I HOPE YOU CAN ATTEND AND SUPPORT OUR GRADUATES. I WOULD LIKE TO TAKE THIS OPPORTUNITY TO THANK OUR JUVENILE OFFICER MIKE FROST FOR A JOB WELL DONE.

I WOULD ALSO LIKE TO THANK OUR PATROL OFFICERS FOR A JOB WELL DONE.

RESPECTFULLY SUBMITTED,

WAYNE THERIAULT  
CHIEF OF POLICE

THE ZONING BOARD OF ADJUSTMENT, SOUTH HAMPTON, NH 1990

The South Hampton Zoning Board of Adjustment meets on the third Thursday of each month at 7:30 pm in the Town Hall. All hearings are posted and legal notices are published in the Amesbury News.

The duties of the ZBA are to hear appeals, and to administer special provisions in the zoning ordinance dealing with variances, special exceptions, and administrative decisions.

VARIANCE- is permission to use a specific piece of property in a more flexible manner than allowed by the ordinance.

SPECIAL EXCEPTION- is an allowable use of the property expressly permitted by the ordinance under specific conditions.

APPEAL FROM AN ADMINISTRATIVE DECISION- allows the Board to make a decision regarding a claim that an administrator has incorrectly interpreted the meaning of the ordinance.

Townpeople who have questions about existing or planned projects that may require the attention of the ZBA are encouraged to contact the Board.

Cornelia Courtney, Chairman  
Donald Currier  
Nancy Dixon

## REPORT FROM THE SOUTH HAMPTON RECYCLING COMMITTEE

The recycling committee has been busy exploring ways to implement a recycling program and a "white goods" pick-up (i.s. old metal items) in South Hampton.

We had a good response to our survey and appreciate the names of volunteers and their support.

The Committee hopes to have a program put together to present to the selectmen by the end of March and hope that we could implement something soon. But there are still some details to be worked out and that is what we are working on. We are confident that together we can get South Hampton Recycling!

### The Recycling Committee:

## LIBRARIAN'S REPORT - 1990

Adult Fiction	544
Adult Non-fiction	537
(Periodicals - 203)	
Juvenile Fiction	1,945
Juvenile Non-fiction	743
TOTAL CIRCULATION - 1990	3,769
Books Added by Purchase	
Adult	60
Juvenile	140
Books Added by Gift	
Adult	90
Juvenile	83
TOTAL BOOKS ADDED - 1990	373

1990 marked the first full year that we've been in our new building. People continue to come in for the first time and it's exciting to see their reactions. It's also been wonderful to see the increase in usage of the facility. Although we've been in the new building for over a year, we are still completing various projects around the library. Special thanks to Bill Brunet, Victor Nichols, John Gamble and Richard Verge for their contributions.

Circulation increased in 1990 by 1,043 volumes over 1989, which is a growth of 38%. Forty new library cards were issued this year - 10 more than last year.

We had a very successful summer reading program with more than a dozen pre-school through 4th grade children participating. In April a pre-school story hour was initiated, which includes reading stories, making a craft and a snack time. The average attendance at story hour each week is 7 children.

In September I began courses towards my Library Techniques certificate which is required by the state. The courses have already proved to be quite valuable and I look forward to additional opportunities for learning over the next 1-2 years.

In January, Lori Steenson was hired as the Library Aide. She's helped a great deal in choosing new materials for the children's and juvenile's sections as well as helping to keep order in the new library. I also gratefully acknowledge the support I receive from the Trustees Martha Anderson, Linda Blair and Madeleine Burrill, and the Friends of the Library.

Respectfully submitted,

Sue Wyand  
Librarian

ADDITIONAL  
ZONING ORDINANCES  
1990

Are you in favor of the adoption of an Aquifer Protection District and accompanying regulations for protection of the Town's groundwater resources, to read as follows and to be inserted in the Town's Zoning Ordinance as Section VIII following the Wetland District.

## AQUIFER PROTECTION DISTRICT

### 1 AUTHORITY AND PURPOSE

Pursuant to RSA 674:16-21, the Town of South Hampton adopts an Aquifer Protection District and accompanying regulations in order to protect, preserve and maintain potential groundwater supplies and related groundwater recharge areas within the Town. The objectives of the aquifer protection district are:

- 1.1 To protect the public health and general welfare of the citizens of South Hampton;
- 1.2 To prevent development and land use practices that would contaminate or reduce the recharge of the identified aquifers;
- 1.3 To provide for future growth and development of the Town, in accordance with the Master Plan, by insuring the future availability of public and private water supplies;
- 1.4 To encourage uses that can appropriately and safely be located in the aquifer recharge areas.

### 2 DEFINITIONS

Animal Feedlot: A commercial agricultural establishment consisting of confined feeding areas and related structures used for the raising of livestock. An animal feedlot shall be considered one on which more than five (5) adult animals are raised simultaneously.

Aquifer: For the purpose of this Ordinance, aquifer means a geologic formation, group of formations, or part of a formation that is capable of yielding quantities of groundwater usable for municipal or private water supplies.

Bulk Storage: Storage of materials intended for wholesale distribution or for use in a manufacturing or repair facility.

Contact Waste: Water that has been used in a manufacturing or cleaning process that has contacted industrial waste.

Dwelling Unit: A building or that portion of a building consisting of one or more rooms designed for living and sleeping purposes, including kitchen and sanitary facilities and intended for occupancy by not more than one family or household.

Groundwater: All the water below the land surface in the zone of saturation or in rock fractures capable of yielding water to a well.

Groundwater Recharge: The infiltration of precipitation through surface soil materials into groundwater. Recharge may also occur from surface waters, including lakes, streams and wetlands.

Leachable Wastes: Waste materials, including solid wastes, sludge and agricultural wastes that are capable of releasing contaminants to the surrounding environment.

**Mining of Land:** The removal of geologic materials such as topsoil, sand and gravel, metallic ores, or bedrock to be crushed or used as building stone.

**Non-Conforming Use:** Any lawful use of buildings, structures, premises, land or parts thereof existing as of the effective date of this Ordinance, or amendment there to, and not conforming with the provisions of this Ordinance, shall be considered to be a non-conforming use.

**Non-Municipal Well:** Any well not owned and operated by the Town of South Hampton or its agent.

**Recharge Area:** The land surface area from which groundwater recharge occurs.

**Sludge:** Residual materials produced by the sewage treatment process.

**Solid Waste:** Any discarded or abandoned material including refuse, putrescible material, septage, or sludge, as defined by New Hampshire Solid Waste Rules He-P 1901.03. Solid waste includes solid, liquid, semi-solid, or gaseous waste material resulting from residential, industrial, commercial, mining, and agricultural operations.

**Split Spoon Sampling Technique:** A sampling technique associated with the taking of soil samples by the use of a drill rig, that has a split tube to take soil samples at various levels in the ground.

**Structure:** Anything constructed or erected, except a boundary wall or fence, the use of which requires location on the ground or attachment to something on the ground.

**Toxic or Hazardous Materials:** Any substance or mixture of such physical, chemical, or infectious characteristics as to pose a significant, actual or potential hazard to water supplies, or other hazard to human health, if such substance or mixture were discharged to land or waters of the Town. Toxic or hazardous materials include, without limitation, volatile organic wastes, acids and alkalies, and include products such as pesticides, herbicides, solvents and thinners, and such other substances as defined in New Hampshire Water Supply and Pollution Control Rules, Section Ws 410.04 (1), in New Hampshire Solid Waste Rules He-P 1901.03 (v), and in the Code of Federal Regulations 40 CFR 261 as amended. Wastes generated by the following commercial activities are presumed to be toxic or hazardous, unless and except to the extent that anyone engaging in such an activity can demonstrate the contrary to the satisfaction of the Planning Board:

- Airplane, boat and motor vehicle service and repair;
- Chemical and bacteriological laboratory operation;
- Dry Cleaning;
- Electronic circuit manufacturing;
- Metal plating, finishing and polishing;
- Motor and machinery service and assembly;
- Painting, wood preserving and furniture stripping;
- Pesticide and herbicide application
- Photographic processing;
- Printing

### 3 ADMINISTRATION AND ENFORCEMENT

3.1 **General** The provisions of the Aquifer Protection District shall be administered by the Planning Board. All development proposals and residential construction not involving the subdivision of land, shall be subject to subdivision and/or site plan review and

approval in accordance with Planning Board rules and regulations. Such review and approval shall precede the issuance of any building permit by the Town.

- 3.2 Enforcement and Fines: The Board of Selectmen shall be responsible for the enforcement of the provisions and conditions of the Aquifer Protection District. Violations are punishable by fines as provided by RSA 676:17.

#### 4 DISTRICT BOUNDARIES

- 4.1 Location: The Aquifer Protection District is defined as the area shown on the map entitled, "Aquifer Protection District," and is hereby adopted as part of the official Zoning Map of the Town of South Hampton. The Aquifer Protection district includes the area delineated by the U.S.G.S., aquifer delineation studies, engineering studies, or master plan map used to delineate the aquifer.
- 4.2 Overlay: The Aquifer Protection District is a zoning overlay district which imposes additional requirement and restrictions to those of the underlying district. In all cases, the more restrictive requirement(s) shall apply.
- 4.3 Appeals: When the bounds of an identified aquifer or recharge area, as delineated, are in doubt or in dispute, any landowner aggrieved by such delineation may appeal the boundary location to the Planning Board. Upon receipt of a written appeal, the Planning Board shall suspend further action on development plans related to the area under appeal and shall engage, at the landowner's expense, a qualified hydrogeologist to prepare a report determining the proper location and extent of the aquifer and recharge area relative to the property in question. The aquifer delineation, as it pertains to the property in question, shall be modified by such determination subject to review and approval by the Planning Board.

#### 5 HYDROGEOLOGIC STUDY

- 5.1 Requirement: Within the Aquifer Protection District, a hydrogeologic study shall be required for the following:
- 5.1.1 developments involving the subdivision of four (4) lots or greater
  - 5.1.2 developments resulting in the installation of a septic system, or series of septic systems, designed to dispose 2,400 gallons (or more) of wastewater per day (gpd).
- 5.2 Small subdivisions: For residential subdivisions of fewer than four (4) lots, and for commercial, industrial and institutional uses which produce less than 2,400 gpd of wastewater, the Planning Board shall determine the needs for a hydrogeologic study on a case by case basis. Their determination shall consider potential threats of the use proposed and characteristics of the site.
- 5.3 Standards: Hydrogeologic studies shall be performed by a qualified hydrogeologist. These studies shall be sufficiently detailed to evaluate the development's impacts to groundwater within the parcel to be developed and the surrounding land. All hydrogeologic studies shall include at least the following:
- 5.3.1 An adequate number of subsurface borings in order to determine the site geology and stratigraphy. Boring requirements are as follows:

- 5.3.1.1 For sites up to 30 acres, the parcel shall contain a minimum of one boring per three acres, with a minimum of three borings for a site. For sites greater than 30 acres, additional borings of at least one per 10 acres are required.
- 5.3.1.2 At least twenty percent (20%) of the borings shall be sampled utilizing the "split spoon" sampling technique.
- 5.3.1.3 At least one boring shall be dug to bedrock.
- 5.3.2 Identification of water table contours and groundwater flow directions, with water table measurements using a series of shallow observation wells screened at the water table. The number of observation wells required shall be the same as the number of borings required.
- 5.3.3 Water quality sampling and analysis to determine existing conditions, measuring the following parameters: nitrate-nitrogen (NO<sub>3</sub>-N), ammonia-nitrogen (NH<sub>3</sub>-N), pH, and specific conductance.
- 5.3.4 An analysis of cumulative impact nitrogen loading employing a saturation build-out model. The analysis shall include verification that the development will not cause the nitrate-nitrogen (NO<sub>3</sub>-N) concentration to exceed 5 mg/l in the groundwater at the down-gradient property boundary.

## 6

### DESIGN AND PERFORMANCE STANDARDS

- 6.1 Nitrate loading: No development shall cause the nitrate-nitrogen (NO<sub>3</sub>-N) concentration to exceed 5 mg/l in the groundwater beyond the site.
- 6.2 Safeguards: Provision shall be made to protect against toxic or hazardous materials discharge or loss resulting from corrosion, accidental damage, spillage, or vandalism through measures such as: spill control provisions in the vicinity of chemical or fuel delivery points; secured storage areas for toxic or hazardous materials; and indoor storage provisions for corrodible or dissolvable materials. For operations which allow the evaporation of toxic or hazardous materials into the interiors of any structures, a closed vapor recovery system shall be provided for each such structure to prevent discharge of contaminated condensate into the groundwater.
- 6.3 Location: Where the premises are partially outside the Aquifer Protection Overlay Zone, potential pollution sources such as on-site waste disposal systems shall be located outside and down gradient of the zone to the extent feasible.
- 6.4 Drainage: All runoff from impervious surfaces shall be recharged on the site, and diverted toward areas covered with vegetation for surface infiltration to the extent possible. Dry wells shall be used only where other methods are not feasible, and shall be preceded by oil, grease, and sediment traps to facilitate removal of contaminants.
- 6.5 Septic System Design and Installation: Septic systems shall be constructed in accordance with the "Subdivision and Individual Sewage Disposal System Design Rules" (N.H. Code of Administrative Rules, Chapter Ws 1000). However, any town ordinance or regulation that is more restrictive shall apply. All new or reconstructed on-lot waste water disposal systems constructed in the Aquifer Protection district shall be designed by a Sanitary Engineer licensed in New Hampshire. These systems shall be installed

under the supervision of said engineer.

The designated Town engineer or septic system inspector of the Town shall inspect the installation of each new system prior to covering, and shall certify that the system has been installed as designed. A fee for inspector shall be charged to the owner according to a fee schedule determined by the Selectmen.

The following site requirements shall apply to all septic system construction in the Aquifer Protection District:

- 6.5.1 At least 24 inches of natural permeable soil shall exist above the seasonal high water table.
- 6.5.2 At least four feet of natural soil shall exist above bedrock.
- 6.5.3 At least three feet of natural permeable soil shall exist above any impermeable subsoil.
- 6.5.4 No filling of wetlands shall be allowed to provide the minimum distance of septic systems to wetlands.
- 6.5.5 Fill material used for septic system construction shall be generally homogeneous and shall not contain:
  - more than 15% organic soil by volume;
  - more than 25% cobbles (6 in. diameter) by volume;
  - more than 15% of clay (0.002 mm particles or smaller) by weight;
  - tree stumps, mulch, bark or other large organic matter.

## 7 USE REGULATIONS

- 7.1 Minimum lot size: The minimum lot size within the Aquifer Protection for each dwelling unit if a residential use, or each principal building if a non-residential use, shall be 3 acres, or 130,680 square feet.
- 7.2 Maximum Lot Coverage: Within the Aquifer Protection District, no more than ten percent (10%) of a single lot, may be rendered impervious to groundwater infiltration for residential uses. Up to 25% of a single lot may be made impervious for commercial, industrial and institutional uses provided that on site recharge of runoff from roofed and paved areas is provided for.
- 7.3 Prohibited Uses: The following uses are prohibited in the Aquifer Protection Zone except where permitted to continue as non-conforming uses. Prohibited uses shall include, but not be limited to:
  - 7.3.1 Disposal of solid waste (as defined by N.H. RSA 149-M) other than brush or stumps generated on the property on which they are to be disposed.
  - 7.3.2 On-site disposal, bulk storage, processing or recycling of toxic or hazardous materials or wastes.
  - 7.3.3 Disposal of liquid or leachable wastes except that from one or two-family residential subsurface disposal systems, or as otherwise permitted as a conditional use.

- 7.3.4 Buried storage of petroleum fuel and other refined petroleum products except as regulated by the NH Water Supply and Pollution Control Commission (Ws 411 Control of Non-residential Underground Storage and Handling of Oil and Petroleum Liquids). Storage tanks for petroleum products, if contained within basements, are permitted.
- 7.3.5 Outdoor unenclosed or uncovered storage of road salt and other de-icing chemicals.
- 7.3.6 Dumping of snow containing road salt or other de-icing chemicals.
- 7.3.7 Animal feedlots.
- 7.3.8 Automotive service and repair shops, junk and salvage yards.
- 7.3.9 Dry cleaning establishments.
- 7.3.10 Laundry and car wash establishments not served by a central municipal sewer system.
- 7.3.11 Industrial uses which discharge contact type wastes on site.
- 7.3.12 Waste injection wells.

## 8 Conditional Uses

The following uses, if allowed in the underlying zoning district, are permitted only after a Conditional Use permit is granted by the South Hampton Planning Board:

- 8.1 Industrial and commercial uses not otherwise prohibited in Section 7.3 of this Article.
- 8.2 Sand and gravel excavation and other mining provided that such excavation or mining is not carried out within eight (8) vertical feet of the seasonal high water table and that periodic inspections are made by the Planning Board or its agent to determine compliance.
- 8.3 The Planning Board may grant a Conditional Use Permit for those uses listed above only after written findings of fact are made which certify that all of the following are true:
  - 8.3.1 the proposed use will not detrimentally affect the quality of the groundwater contained in the aquifer by directly contributing to pollution or by introducing toxic and hazardous materials to the aquifer or by causing the average concentration of nitrate-nitrogen (NO<sub>3</sub>-N) to exceed 5 mg/l beyond the affected property boundaries;
  - 8.3.2 the proposed use will not cause a significant long term reduction in the volume of water contained in the aquifer or in the storage capacity of the aquifer;
  - 8.3.2.1 the proposed use will discharge no waste water on site other than that typically discharged by domestic waste water disposal systems and will not involve on-site storage or disposal of toxic or hazardous materials as herein defined;

8.3.2.2 the proposed use complies with all other applicable sections of this Article.

8.4 All Conditional Uses shall be subject to twice-annual inspections by the Building Inspector or other agent designated by the Selectmen. The purpose of these inspections is to ensure continued compliance with the conditions under which approvals were granted. A fee for inspection shall be charged to the owner according to a fee schedule adopted by the Selectmen.

9 Permitted Uses

The following activities may be permitted provided they are conducted in accordance with the purposes and intent of this Ordinance:

9.1 Any use permitted by the underlying district of the Zoning Ordinance, except as prohibited in Section 7.3 or regulated by Conditional Use in Section 8 of this Article.

9.2 Maintenance, repair of any existing structure, provided there is no increase in impermeable surface above the limit established in Section 7.2 of this Article.

9.3 Farming, gardening, nursery, forestry, harvesting and grazing, provided that fertilizers, pesticides, manure and other leachables are used according to best management practices as prescribed by the Rockingham County Conservation District, if applicable, and at levels that will not cause groundwater contamination. All said leachables must be stored under shelter.

10 Special Exception for Lots of Record

Upon application to the Board of Adjustment, a special exception shall be granted to permit the erection of a structure within the Aquifer Protection District on a non-conforming lot provided that all of the following conditions are found to exist.

10.1 The lot upon which an exception is sought was an official lot of record, as recorded in the Rockingham County Registry of Deeds, prior to the date on which this amendment was posted and published in the Town.

10.2 The use for which the exception is sought cannot feasibly be carried out on a portion or portions of the lots which are outside the Aquifer Protection District.

10.3 Due to the provisions of the Aquifer Protection District, no reasonable and economically viable use of the lot can be made without the exception.

10.4 The design and construction of the proposed use will, to the extent practical, be consistent with the purpose and intent of this Section.

11 Non-Conforming Uses

Any non-conforming use may continue and may be maintained, repaired and improved, unless such use is determined to be an imminent hazard to the groundwater or recharge areas. No non-conforming use may be expanded, changed to another non-conforming use, or renewed after it has been discontinued for a period of 12 months or more.

12 Effective Date This ordinance shall become effective upon the date of posting.

## South Hampton Planning Board Excavation Regulations January 1991

### 1. Authority and General Purpose

Effective August 24, 1979, the New Hampshire legislature created RSA 155-E to establish standards for municipalities to regulate commercial excavations. Effective August 4, 1989, the New Hampshire legislature amended RSA 155-E.

The preamble to the 1989 legislation states that "comprehensive and extensive local regulation of excavation of rock, sand and gravel for the production of construction materials is in the best interests of the citizens and taxpayers of New Hampshire," except "where state regulations apply or where sites are exempt or excepted by RSA 155-E."

In particular, RSA 155-E:11 authorizes planning boards to adopt such regulations as may be reasonably necessary to carry out the provisions of RSA 155-E. Pursuant to this enabling legislation, the South Hampton Planning Board has adopted these regulations to protect water resources; to prevent water and land pollution; to preserve soil, water, forests, wildlife and other natural assets; to maintain aesthetic features of the environment; to promote soil stabilization; to minimize safety hazards created by open excavations; and to otherwise safeguard the public health and welfare.

### 2. Definitions

- 2.1 "Abutter" means any person whose property is located in New Hampshire and adjoins or is directly across the street or stream from the land under consideration by the Planning Board. [RSA 672:3]
- 2.2 "Commercial" means any use of any earth material for sale or resale on or off site of the excavation area. In addition, an excavation shall be considered commercial if earth materials are transported to other land whose ownership is different than the ownership of the land from which the earth was excavated. Excavations which use earth materials in the processing of other material such as, but not limited to, concrete, asphalt and other building materials shall be considered commercial.
- 2.3 "Dimension stone" means rock that is cut, shaped, or selected for use in blocks, slabs, sheets, or other construction units of specified shaped or sizes and used for external or interior parts of buildings, foundations, curbing, paving, flagging, bridges, revetments, or for other architectural or engineering purposes. [RSA 155-E:1(IV)] Dimension stone includes quarry blocks from which sections of dimension stone are to be produced. Dimension stone does not include earth as defined in Section 2.5.
- 2.4 "Earth" means sand, gravel, rock, soil, or construction aggregate produced by quarrying, crushing or any other mining activity or such other naturally-occurring unconsolidated materials that normally make the bedrock. [RSA 155-E:1(I)]
- 2.5 "Excavation" means a land area which is used, or has been used, for commercial taking of earth, including all slopes. [RSA 155-E:1(II)]

2.6 "Excavation site" means any area of contiguous land in common ownership upon which excavation takes place. [RSA 155-E:1(V)]

### 3. Permit Required

No owner shall permit any excavation of earth on his premises without first obtaining a permit from the Planning Board. [RSA 152-E:2]

#### 3.1 Permit Exempted Excavations

The permit requirement does not apply to certain excavations. These exempted excavations are described Section 13. Even though no permit is required for these excavations, they must generally still comply with the operational and reclamation standards of these regulations.

#### 3.2 Grandfathered Excavations

3.2.1 The owner of a grandfathered excavation described in Section 13.2.1 must obtain a permit to expand the excavation beyond the area delineated in Section 13.2.1.2.

3.2.2 The permit requirement applies to the entire area of an abandoned grandfathered excavations described in Section 18.

### 4. Performance Guarantees

If the Planning Board approves an excavation permit application, it will issue the permit only after the owner furnishes the Planning Board with an irrevocable letter of credit or other security. The Planning Board shall required the letter of credit or other security to be in an amount sufficient to guarantee the owner complies with the permit. [RSA 155-E:8] The letter of credit shall be for a reasonable time period determined by the Planning Board.

A completed letter of credit in the form shown in Appendix B must be submitted before the Planning Board will grant a permit.

### 5. Permit Application

#### 5.1 Information

##### 5.1.1 Original Application

An owner applying for a permit shall sign, date and complete the Excavation Application Form in Appendix A. [RSA 155-E:3]

##### 5.1.2 Renewal Application

An application for permit renewal must be submitted to the Planning Board by the owner if excavation is to be continued beyond the termination date of the original permit. The renewal application must identify and update all information contained in the original application that no longer is effective

for the renewal period.

## 5.2 Fees

### 5.2.1 Permit Fee

The Planning Board shall assess an owner a \$50 fee for permit application review. [RSA 155-E:8 & 11(I)]

### 5.2.2 Rockingham County Conservation District Fees

The Planning Board will hire the Rockingham County Soil Conservation District to review the permit application. The owner shall be responsible for the Soil Conservation District's review fee. The Planning Board will assess the review fee. The owner must pay the fee to the Planning Board before the Planning Board issues the permit. [RSA 676:4(I)(g)]

### 5.2.3 Other Consulting Fees

The Planning Board will assess an owner in advance, or in arrears, for the fees charged by the Planning Board's consultants, engineers, or other agents to review the permit application and to conduct inspections at the excavation site to ensure compliance with the approved excavation and reclamation plans. [RSA 676:4(I)(g)]

### 5.2.4 Town Counsel Fees

The owner shall pay for Town Counsel to review the owner's letter of credit or other security offered to guarantee performance.

## 6. Hearing

### 6.1 Deadline

Before approving an excavation permit application, or an amended excavation permit application, the Planning Board will hold a public hearing within 30 days after receiving the application. [RSA 155-E:7]

### 6.2 Notice

The Planning Board will prepare a notice of the hearing specifying the date, time, place, and grounds for the hearing. At least 14 days before the hearing, the Planning Board will send the notice to all abutters, post the notice in at least three public places in the town, and publish the notice in a newspaper of general circulation in the town. The 14 days shall not include the day of the hearing nor the day the notice is mailed, posted or published, but shall include any Saturdays, Sundays and legal holidays.

### 6.3 Written decision

Within 20 days after the hearing, including hearing continuations, the Planning

Board shall issue a written decision approving or disapproving the application. A disapproval will state the reasons for the decision.

7. Waivers

After a hearing, the Planning Board may grant a waiver in writing from the operational and reclamation standards contained in these regulations for good cause shown. [RSA 155-E:5-b] The written decision shall state specifically what standards, if any, are being relaxed and include reasonable alternative conditions.

8. Issuance of Permit

8.1 Conditions

The Planning Board may include in a permit such reasonable conditions as are consistent with the purpose of these regulations including the provision of visual barriers to the excavation. [RSA 155-E:8]

8.1.1 Minimum Conditions

At a minimum, an owner's permit will be condition upon the owner and excavator complying with the maximum depth, operational, reclamation, and additional standards of these regulations, except those standards waived by the Planning Board.

8.1.2 Hauling Conditions

The Planning Board may impose conditions upon the excavator's hauling operations, depending on the surrounding land uses and road conditions. The Planning Board may contract for a traffic study at the owner's expense to enable the Planning Board to consider public safety, neighborhood compatibility, and road capacity and condition in assessing the hauling plan. [RSA 676:4(I)(g)]

8.2 Duration

Unless the Planning Board specifically decides otherwise, the permit shall be valid for a period of one (1) year from the date of issuance. A permit shall not be assigned or transferable without the prior written consent of the Planning Board.

8.3 Posting

A copy of the permit shall be prominently posted at the excavation site and the principal access thereto.

9. Appeal

9.1 Rehearing request

Within 10 days after the Planning Board's decision to disapprove or approve an excavation permit application, or an amended permit application, any interested person affected by the decision may request a rehearing. [RSA 155-E:9] The

request shall be in writing and fully specify every ground upon which it is alleged that the decision is unlawful or unreasonable.

9.2 Rehearing decision

Within 10 days after the request for rehearing, the Planning Board shall either grant or deny the request. If the Planning Board grants the request, it will schedule a rehearing within 30 days from its decision to grant the rehearing request.

9.3 Appeal

Any interested person affected by the Planning Board's decision not to hold a rehearing, or the Planning Board's decision after the rehearing, may appeal to the superior court, in accordance with the procedures specified in RSA 677:4 within 30 days after the Planning Board records its decision .

10. Enforcement

10.1 Inspection

To determine if an owner is complying with these regulations, or any permit issued under these regulations, the Planning Board, or its duly authorized agent(s), may enter upon any land on which there is reason to believe an excavation is being conducted or has been conducted since August 24, 1979. [RSA 155-E:10(III)]

The Planning Board or its duly authorized agent(s) will conduct site inspections to verify compliance on an annual basis unless a more frequent site visitation is necessary due to special characteristics of the excavation or restoration plans.

10.2 Failure to obtain permit

Any owner who allows excavation on his land without a permit violates these regulations unless the owner is exempted from the permit requirement under Section 13.

10.3 Fines and Penalties

Fines, penalties and remedies for violations of these regulations shall be the same as for violations of RSA 676:15 (e.g., injunctive relief) and RSA 676:17 (misdemeanor conviction and \$100 per day civil penalty). [RSA 155-E:10(II)]

10.4 Permit revocation or suspension

10.4.1 Misstatement and violations

The Planning Board, or its duly authorized agent, may revoke or suspend an owner's permit if a material misstatement is made in the owner's application for the permit or if any person has violated any provision of the owner's permit or these regulations. [RSA 155-E:10(I)] The owner may request a rehearing on the suspension or revocation pursuant to Section 9.

10.4.2. Automatic revocation

An owner's permit to excavate is automatically revoked if no substantial work is done on the site during the duration of the permit. In addition, the owner must reclaim those areas worked during the duration of the permit.

10.5 Performance Guarantee Collection

An owner or excavator shall not be released from its letter of credit or other security until the Planning Board certifies compliance with all reclamation standards and, if applicable, the terms of the excavation plan and the reclamation plan for excavations subject to a permit. The Planning Board or its designee can periodically inspect the excavation site to ensure the owner has complied with the reclamation standards and, if applicable, excavation plan and reclamation plan.

If the owner or excavator does not reclaim the excavation site within 12 months after:

the completion of any excavation (whether or not a permit was required) or  
if sooner, the expiration of a permit,

the Planning Board may call the letter of credit, and use the monies to reclaim the site.

10.6 Conflict with other regulations

Where these regulations are in conflict with other ordinances or regulations, the more stringent shall apply.

11. Application for Amendment

When any person proposes to alter the size or location of the excavation, the rate of removal or the plan for reclamation, the owner shall submit an application to amend his excavation permit. [RSA 155-E:6]

The Planning Board will process the amended application in the same manner as an original application for an excavation permit. The Planning Board may approve an application for amended permit to increase the size of an excavation only if at least one-half of the area covered by the original permit is reclaimed in accordance with the Reclamation Plan the Planning Board approved in granting the original permit.

12. Prohibited Excavations

The Planning Board shall not grant a permit for an excavation that would:

- 12.1 violate the maximum depth, operational, reclamation and additional standards of these regulations; [RSA 155-E:4(I) & (VIII)]
- 12.2 be within 50 feet of the boundary of an abutter unless approval of a lesser distance is specifically authorized by the Planning Board; [RSA 155-E:4(II)]
- 12.3 be below road level within 50 feet of any highway right-of-way unless the

excavation is for the purpose of said highway. [RSA 155-E:4-a(I)]

- 12.4 fail to maintain or provide vegetation within the 50 feet and 150 feet buffer areas described in Sections 12.2, 12.3, 15.7 and 17.2. [RSA 155-E:4-a(III)]
- 12.5 remove any existing visual barriers, except to provide access to the excavation; [RSA 155-E:4(V)]
- 12.6 violate any zoning or other applicable ordinances; [RSA 155-E:4(III)]
- 12.7 be unduly hazardous or injurious to the public welfare, or would unduly endanger the safety of highway uses or local residents; [RSA 155-E:4(IV) or (III)(b)]
- 12.8 substantially damage a known aquifer, so designated by the United States Geological Survey. [RSA 155-E:4(VI)] The Board shall determine whether or not substantial damage to the aquifer will occur by considering the following criteria:
  - 12.8.1 whether the excavation will detrimentally affect the quality of the ground-water contained in the aquifer by directly contributing to pollution or by increasing the long term susceptibility of the aquifer to potential pollutants,
  - 12.8.2 whether the excavation will cause a significant reduction in the long term volume of water contained in the aquifer or in the storage capacity of the aquifer.
  - 12.8.3 The Board may require that the excavator provide reports prepared by a professional engineer or ground-water consultant which assess the potential aquifer damage caused by the proposed excavation project.

### 13 Permit Exempted Excavations

This section describes excavations that require no permit. Some of these excavations also need not comply with the operational and reclamation standards of these regulations. However, many of the excavations described in this section must comply with the operational and reclamation standards, even though no permit is required.

#### 13.1. Operational or Reclamation Compliance Not Required

Neither operational nor reclamation compliance is required for the following types of excavations:

##### 13.1.1 Buildings, parking lots, and driveways

An excavation that is exclusively incidental to the lawful construction or alteration of:

a building or structure or

parking lot or way including a driveway on a portion of the premises where removal occurs.

However, these excavations cannot be started until all required state and

local permits necessary for the construction or alteration of the building, structure, parking lot, or way have been issued. [RSA 155-E:2-a(I)(a)]

13.1.2 Agriculture and normal landscaping

An excavation that is incidental to agricultural or silvicultural activities, normal landscaping or minor topographical adjustment. [RSA 155-E:2-a(I)(b)]

13.1.3 Dimension stone

An excavation from a granite quarry for the purpose of producing dimension stone, if the excavation requires a permit under RSA 12-E. [RSA 155-E:2-a(I)(c)]

13.1.4 Eminent domain

A person owning land abutting a site which was taken by eminent domain or by any other governmental taking upon which construction is taking place may stockpile earth taken from the construction site and may remove the earth at a later date after written notification to the Planning Board. [RSA 155-E:2(II)]

13.1.5 Excavation Abandoned Before August 24, 1979

An excavation that was abandoned on or before August 24, 1979, and has not been used after August 24, 1979.

13.2 Operational and Reclamation Compliance Required

The following types of excavations must comply with the operational and reclamation standards of these regulations, even though no permit is required. [RSA 155-E:2(I)(c) and RSA 155-E:2(IV)(b)]

13.2.1 Grandfathered Excavations.

An excavation which lawfully existed and was in use on or before August 24, 1979, and is excavated after August 24, 1979, provided that:

13.2.1.1 before August 4, 1991, the owners or excavators of the excavation site file a report of an existing excavation with the Planning Board containing the following information:

the location of the excavation with tax map and lot number;

the date the excavation first began;

a description of the permissible limits of expansion as described in Section 13.2.1.2;

an estimate of the area which has been excavated to date;

and

an estimate of the amount of commercially-viable earth materials still available on the parcel; [RSA 155-E:2(I)(d)]

13.2.1.2the excavation site is not expanded beyond the land that

has been contiguous to, and in common ownership with, the excavation site since August 24, 1979, and

has been appraised and inventoried as part of the same tract as the excavation site for property tax purposes; [RSA 155-E:2(I)(b)]

13.2.1.3at the time the excavation was first begun, it was in compliance with any local ordinances that may have been in effect. RSA 155-E:2(I)(a)]

#### 13.2.2 Public Highway Excavations

An excavation performed exclusively for the lawful construction, reconstruction, or maintenance of a class I, II, II, IV, or V highway by a unit of government which has jurisdiction for the highway or an agent of the unit of government which has a contract for the construction, reconstruction, or maintenance of the highway, provided that:

13.2.2.1A copy of the pit agreement executed by the owner, the agent and the governmental unit shall be filed with the Planning Board before the excavation starts. In addition, a plan must be filed with the Planning Board which identifies and limits the permit exemption to only that portion of the pit that is necessary for the public highway project. Failure to file a copy of the pit agreement or the plan with the municipality or to comply with the terms of the agreement constitutes a violation enforceable under the provisions of these regulations. [RSA 155-E:2(IV)(a)]

13.2.2.2A public highway excavation must comply not only with the operational and reclamation standards of these regulations, but with any other land use regulation of South Hampton. [RSA 155-E(IV)(b)]

13.2.2.3The New Hampshire Department of Transportation or its agent may apply to the appeals board created under RSA 21-L to be exempted from the provisions of local land use regulations. The appeals process includes a formal public hearing in the affected municipality as set forth in RSA 155-E:2(IV)(c).

#### 14. Maximum Depth Standards

The maximum depth of excavation shall be at least four feet above the seasonal high water table existing at the location in question before commencement of excavation. The owner applying for a permit shall derive the water table information from test pits. The Planning

Board, or its designee, must verify the test pit water table information. The Planning Board shall grant an exception for excavations which propose to dig within the four feet above seasonal high water table, provided the following conditions are met:

- 14.1 The owner provides a plan which depicts the proposed depth of excavation and its relation to the seasonal high water table;
- 14.2 The owner demonstrates that the proposed excavation will not adversely affect water quality by directly contributing pollution, or by increasing the long-term susceptibility of groundwater or surface water to potential pollutants;
- 14.3 The owner provides an enforceable restriction (e.g., covenant or easement) prohibiting any further on-site subsurface sewage disposal or any other use which could contaminate groundwater; and
- 14.4 Where an excavation will create temporary or permanent standing water, the owner will provide adequate safety measures (e.g., grading perimeter slopes, fencing, etc.) as may be required by the Planning Board.

When the Planning Board grants an exception to the maximum depth of excavation requirements, the owner shall record a written notice of the exception in the Rockingham County Registry of Deeds, and file one copy with the Division of Water Supply and Pollution Control, Department of Environmental Services. [RSA 155-E:11(II)]

15. Operational Standards

Excavators shall comply with the following operational standards, whether or not the owner had to obtain a permit for the excavation:

- 15.1 Before removing topsoil or other material from a new excavation area, the excavator shall furnish the Planning Board with an irrevocable letter of credit or other security in an amount sufficient to cover the cost of reclaiming the excavation site. The Planning Board shall determine the amount of the letter of credit or other security. [RSA 155-E:4-a(VII)] The amount of the letter of credit or other security shall be based on the acreage of the excavation project and the estimated per acre reclamation costs. The Planning Board will release the letter of credit or other security when the excavator has completed the reclamation work and the Planning Board is satisfied with the reclamation work after it or its designee has inspected the excavation site.
- 15.2 The excavator shall reclaim in accordance with the reclamation standards any excavated area of 5 contiguous acres or more:

which is depleted of commercial earth materials or

from which no earth materials have been removed for a two-year period,

within one year following the depletion or two-years of non-use, regardless of whether other excavation is occurring on adjacent land in contiguous ownership. [RSA 155-E:5-a]
- 15.3 Excavation practices which result in siltation in streams or degradation of any water

supplies are prohibited. [RSA 155-E:4-a(IV)]

- 15.4 Drainage shall be maintained so as to prevent the accumulation of free-standing water for prolonged periods. [RSA 155-E:4-a(IV)]
- 15.5 No fuels, lubricants or other toxic or polluting chemicals shall be stored on-site unless in compliance with State laws or rules pertaining to such materials. [RSA 155-E:4-a(V)]
- 15.6 Where the depth of excavation will exceed 15 feet or temporary slopes will exceed 1:1 in grade, a fence or other suitable barricade shall be erected to warn of danger and/or limit access to the site. [RSA 155-E:4-a(VI)]
- 15.7 An excavator cannot excavate within 50 feet of an abutter's boundary or within 150 feet of an existing dwelling, or a dwelling for which a building permit has been issued at the time the excavation is begun. [RSA 155-E:4-a(II)]

## 16 Reclamation Standards

Within 12 months after:

the completion of any excavation (whether or not a permit was required) or  
if sooner, the expiration date of a permit

the owner of the excavated land shall have completed the reclamation of the areas affected by the excavation to meet each of the following minimum conditions. The owner shall:

- 16.1 Eliminate any standing bodies of water created in the excavation project that the Planning Board decides is a hazard to health and safety. [RSA 155-E:5(IV)]
- 16.2 Leave the topography of the land so that water draining from the site leaves the property at the original, natural drainage points and in the natural proportions of flow. For excavation projects which require a permit from the Division of Water Supply and Pollution Control pursuant to RSA 485-A:17, that statute, and rules adopted under it, shall supersede this paragraph. The excavator shall file a copy of permits issued under RSA 485-A:17 with the Planning Board. [RSA 155-E:5(V)]
- 16.3 Leave no slope in soil material steeper than 3:1 (three horizontal feet for each one foot of vertical drop) unless the owner can demonstrate that a steeper grade can be adequately vegetated and stabilized. In no case shall a soil material slope be left steeper than 2:1. Changes in slope shall not be abrupt, but shall blend with the surrounding terrain. [RSA 155-E:5(III)]
- 16.4 Bury, remove, or otherwise lawfully dispose of earth and vegetative debris resulting from the excavation. [RSA 155-E:5(II)]
- 16.5 Plant all areas, except for exposed rock ledge, which have been affected by the excavation or otherwise stripped of vegetation with seedlings or grass suitable to prevent erosion. Areas visible from a public way, from which trees have been removed, shall be replanted with tree seedlings, set out in accordance with acceptable horticultural practices to the satisfaction of the Planning Board. [RSA

17 Additional Standards

Owners and excavators shall comply with the following additional standards:

- 17.1 Start-up time for all machinery associated with a gravel or sand pit shall be no earlier than seven (7:00) a.m. and all machinery must be shut down by five (5:00) p.m. These operating hours shall be for Monday through Saturday. No operation will take place on Sundays, and on both State and Federal holidays. Hours of operation other than those stipulated may be allowed if specifically authorized by the Planning Board.
- 17.2 No excavation shall be within 50 feet of poorly drained and 100 feet from any other wetlands as defined in the Town's Zoning Ordinance;
- 17.3 No excavation shall be permitted so close to the seasonal high water table or to bedrock (as indicated by the required borings or test pits) as would preclude the subsequent re-use of the site in accordance with existing public health standards, local zoning, and local master plan.
- 17.4 The applicable state statutes and regulations pertaining to forest practice and timber harvesting shall apply to the removal of vegetative cover at excavation sites.
- 17.5 Topsoil shall be stripped from the excavation area and stockpiled for use in subsequent reclamation of the site. It shall be protected from erosion (e.g., by seeding, covering, or other acceptable practices).
- 17.6 No excavation can exceed more than five (5) acres at one time unless specifically authorized by the Planning Board. In addition, the size of any permitted excavation shall not exceed that area which can be excavated and reclaimed within one year after the permit expiration date.
- 17.7 Access roads leading to the excavation site shall intersect existing streets and roads at locations that have been duly approved by state or local officials and in a manner that will not endanger the safety of highway users and local residents. The provisions of RSA 249:17-18 ("Highway Access") shall be adhered to by the excavator.
- 17.8 Permit approval shall be conditioned on compliance by the owner with street and highway regulations promulgated by federal, state and local units.
- 17.9 All vehicles transporting excavated material shall utilize adequate covering and/or sideboards to prevent dust and spillage when loaded.
- 17.10 The owner shall be responsible for a proportionate share of refurbishing existing Town road(s) which access the excavation site, and for the repair of Town maintained roads which are damaged as a result of hauling earth from the site. The Planning Board may require the owner to furnish an irrevocable letter of credit in amount to cover the cost of refurbishing the roads before granting a permit to excavate.

- 17.11 Appropriate erosion, sedimentation, air and water quality measures shall be integrated into the excavation process.
- 17.12 The Planning Board shall have the authority to require screening (e.g., vegetation or fencing) where necessary.
- 17.13 The excavation site cannot be used for disposing any waste material, including solid and/or hazardous waste, septage, dredge spoils, or organic waste and debris.
- 17.14 All temporary structures required during excavation operations shall be removed from the site within 30 days after the operations ceases.
- 17.15 The owner or excavator must cover all areas, except for exposed rock ledge, which have been affected by the excavation or otherwise stripped of vegetation with topsoil, if any, but at least with soil capable of sustaining vegetation.
- 17.16 The owner or excavator must spread topsoil over the disturbed area to a depth to allow and maintain vegetation. Areas posing the most critical problems for re-vegetation shall be given first priority should available topsoil be limited. The disturbed area(s) shall be fertilized, if necessary, and seeded with a grass or grass-legume mixture.
- 17.17 The owner or excavator must plant suitable trees or shrubs to provide screening and natural beauty and to aid in erosion control, if deemed necessary by the Planning Board,. The planted areas shall be protected from erosion during an appropriate establishment period by mulch and structural erosion control devices.
- 17.18 The owner or excavator must blend the restored landscape with the character of the surrounding natural features.
- 17.19 The owner or excavator must restored site in a condition that will not preclude its future use in a manner consistent with the zoning ordinance and map.

## 18. Abandoned Grandfathered Excavations

### 18.1 Permit Required

After a grandfathered excavation site has been abandoned, the owner of the site shall not permit any additional excavation without first obtaining a permit from the Planning Board and complying with any other South Hampton land use regulation. [RSA 155-E:2(1)]

### 18.2 Reclamation of Abandoned Grandfathered Excavation

The Planning Board can order the owner of an abandoned grandfathered excavation to reclaim the site after notice and a hearing. [RSA 155-E:2(1)(b)]

#### 18.2.1 Notice

The Planning Board will prepare a notice of a hearing specifying the date, time, place, and grounds for the hearing. At least 14 days before the hearing, the Planning Board will send the notice to all abutters, post the

notice in at least three public places in the town, and publish the notice in a newspaper of general circulation in the town. The 14 days shall not include the day of the hearing nor the day the notice is mailed, posted or published, but shall include any Saturdays, Sundays and legal holidays.

#### 18.2.2 Hearing

At the hearing, the Planning Board can determine whether the public health, safety, or welfare requires an abandoned grandfathered excavation site to be reclaimed.

#### 18.2.3 Reclamation Order

If the Planning Board finds the public health, safety, or welfare requires reclamation, the Planning Board may order the owner of the land containing the abandoned grandfathered excavation to either

file a reclamation time table and irrevocable letter of credit, or

to complete reclamation in accordance with the reclamation standards of these regulations

within a reasonable period time stated in the reclamation order.

#### 18.2.4 Failure to Reclaim

If the owner fails to reclaim the excavation site within the time period stated in the reclamation order, the Planning Board may request the town meeting to authorize the reclamation at the town's expense. The town's costs shall constitute an assessment against the owner, and shall create a lien against the real estate on which the excavation is located. The town may enforce can collect the assessment and lien in the same manner as provided for real estate taxes.

### 18.3 Abandoned Defined

A grandfathered excavation site shall be deemed abandoned if excavation occurred on the site after August 24, 1979, and anyone of the following conditions exists:

#### 18.3.1 Failed To File Report

Before August 4, 1991, the owner or excavator of the excavation has neither

filed a report of an existing excavation nor

obtain a permit pursuant to these regulations. [RSA 155-E:2(a)(3)]

#### 18.3.2 Failed To Incrementally Reclaim

Before August 4, 1992, the owner or excavator has not

brought the affected area into compliance with the incremental

reclamation requirements in Section 15.2 or

furnished a letter of credit in an amount sufficient to reclaim the entire site in accordance with the reclamation standards of these regulations. [RSA 155-E:2(a)(2)]

#### 18.3.3 Failed to Excavate

During any three (3) year period, no earth material has been removed from the excavation site.

The Planning Board may extend the 3 year period if the owner/excavator

submits an acceptable time table for reclamation to the Planning Board and

furnishes a letter of credit or other security in an amount sufficient to guarantee the reclamation of the entire site in accordance with the reclamation standards of these regulations. [RSA 155-E:2(a)(1)]

TOWN OF SOUTH HAMPTON  
SCHOOL DISTRICT WARRANT

1991

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of South Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN SOUTH HAMPTON ON TUESDAY THE 5TH OF MARCH, 1991 AT 7:30 O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

Notice: School District Officers will be elected at the Town Meeting (South Hampton Town Hall, March 12, 1991. Polls open at 1:00 P.M. and close at 8:00 P.M.) in accordance with the Statutory Election Procedures adopted by the District at its March 1966 Annual Meeting.

1. To see if the District will vote to raise and appropriate the sum of \$50,500 (Fifty Thousand Five Hundred Dollars) to be added to the Capital Reserve Fund established in 1990 under the provisions of RSA 35 for the purpose of constructing and furnishing a new school. (BY PETITION - RECOMMENDED BY THE BUDGET COMMITTEE)

2. To see if the District will vote to discontinue the Capital Reserve Fund established at the 1990 School District Mtg. under the provisions of RSA 35 for the purpose of constructing and furnishing a new school building including related site work. (RSA 35:16-a) (BY PETITION)

3. To see if the District will vote to raise and appropriate the sum of \$7,020 (Seven Thousand Twenty Dollars) to improve the school playground area by hot topping currently unpaved areas, constructing additional fencing, and relocating playground equipment. (\$3,000 RECOMMENDED BY THE BUDGET COMMITTEE)

4. To see if the District will vote to authorize the South Hampton School Board to accept State and/or Federal grants and/or gifts for the South Hampton School District.

5. To see what sum of money the District will vote to raise and appropriate for the support of schools, including approval and funding of cost items in the 1991-92 Collective Bargaining Agreements with teachers and support personnel, for the salaries of School Officials and Agents, and for the payment of statutory obligations of the District.

6. To see what action the District will take in relation to reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto.

7. To transact any other business that may legally come before said meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID SOUTH HAMPTON THIS 6<sup>TH</sup> DAY OF FEBRUARY, 1991.

## SOUTH HAMPTON SCHOOL DISTRICT ANNUAL REPORT 1990 - 1991

Another busy year has drawn to a close for the School Board. We welcomed Dr. James Weiss as our new Superintendent of Schools and hope many of you have had an opportunity to meet him. We continued to address space, safety, staffing, and programmatic needs at the Barnard School. Many thanks to all of you who have attended meetings, volunteered your time, donated your money, provided labor, provided storage space and supported education in any way. It is all appreciated.

### BARNARD SCHOOL RENOVATIONS

The Barnard Trustees, Deputy Fire Marshall Britton, Fire Chief John Gamble, School Board members, SAU 21 administrators, teachers and staff of the Barnard School, parents and concerned community members have all worked together this year to correct many of the fire safety violations identified by Mr. Britton in his inspection of the school in July, 1989. We expect that all of the problems identified in this letter will be corrected by the end of this school year. Please take a minute to visit the school to see the renovations. We think you will be pleased. Thanks are due to all of the people involved in this project.

### MINIMUM STANDARDS

The Board has been reviewing the Minimum Standards for New Hampshire Public Elementary School Approval and as a result has been able to meet eleven of the previously identified seventeen unmet standards. The standards applying to school facilities, child nutrition program, children with different talents, and some aspects of the basic instructional programs standard remain to be addressed.

### VOCATIONAL EDUCATION

Representatives of Whittier Vocational Technical School visited the Board this year to inform us that their program is now available to South Hampton students. Please contact Mr. Marinos if you would like more information about this program.

### ADMINISTRATIVE STRUCTURE REVIEW

The Board reviewed and updated the job description for the principal and delineated expectations for that position.

#### EMERGENCY MANAGEMENT PLANNING

Superintendent Weiss asked the Board to consider its position relevant to emergency planning now that Seabrook Station is on line. Two board members attended a presentation at Seabrook, and the school participated in a Test Drill on December 13, 1990. Participation in this drill took the form of response to telephone calls. The Emergency Management Plan will continue to be an issue for future boards.

#### CONTRACT NEGOTIATIONS

A one year teachers' contract was negotiated this year. There were no changes negotiated in the contract. A raise of 3.75 per cent was ratified by the individual boards and the Joint Board.

#### LONG TERM PLANNING

The Board has not been able to develop a unified stand on the issue of long term planning for a new school. Dr. Weiss presented an example of a five year planning time frame for our consideration. No plan has been adopted.

#### RECENT PROGRAMS

The success of the Artist in Residence Program has been gratifying. Three artists have spent time at the Barnard School this year. Arthur Hall worked with the children on African dance; Emile Birch helped them create a sculptured mural which will be presented to the town and will hang in the library; Susan Klisslinger is a drama specialist who helped the students stage their poems and stories.

The DARE program was taught by Officer Michael Frost. It is a drug education program which helps students to recognize the pressures that might influence them to experiment with drugs. This program was very well received by both students and parents.

Thanks to all of you who helped bring these two innovative programs to our students.

Respectfully submitted,

Judith Shivik, Chair  
South Hampton School Board

## THANK YOU

It has been my pleasure during these six years to serve as a school board member with many conscientious, committed people. I have shared my tenure with Pat Nelson, Margaret Miller, Dan Mahoney, Pat Hesselbach, Marti Blackadar, Pam Noon and Donna Moore. Many community members, teachers, and administrators have offered me their time, opinions, support, and cups of tea. Sometimes when times get difficult it is easy to think that not much gets accomplished. However when I consider the changes I have seen since my service began, I am encouraged: the portable classrooms were purchased; the State Forest land was leased to the School District for use as a new school site; architectural plans were developed and are available to be implemented or adapted; the Capital Reserve fund was established and funded; major safety renovations were completed at the Barnard School; community involvement in education and educational issues has increased as has cooperation between the board and the Barnard Trust. I believe that South Hampton is committed to educating its children. I thank you all.

Judy

## South Hampton School Board

### School Building Update

Over the last year, the South Hampton School Board and the Barnard Trust have worked diligently to improve the Barnard School Building so that it would more closely meet the Fire Safety Code. Much has been accomplished to date, and more will need to be done to keep the Barnard School safe in the short run. The School Board wishes to thank Fire Chief John Gamble and the members of the community for their patience and understanding.

To date the following projects have been completed:

1. Renovation of the stairwell and removal of asbestos from pipes
2. Replacement of the furnace/boiler
3. Replacement of exit door with steel fireproof door
4. Upgrading of fire alarm system
5. Air testing and asbestos sampling which indicated that asbestos was only present in pipe and boiler insulation and in floor tile

Thus far, these projects have cost in excess of \$25,900. These funds were generated from the School District Special Warrant Article (\$7,000), the 1989-90 School District operating budget (\$14,000), and a donation from the community (\$2,000). Remaining funds needed for these projects was contributed by the Barnard Trust.

South Hampton, N.H.  
March 6, 1990

The Annual South Hampton School District Meeting was called to order by Moderator Horace Cressy at 7:45 p.m. with approximately 140 people in attendance on a clear, cold night. The Moderator then read the responsibilities of the moderator and instructed that the people run the meeting.

School Board Chairman Margaret Miller then spoke. She asked for a moment of silence for the town leaders we had lost in the past year. She then brought everyones attention to a drawing of the Barnard School that was donated by Mrs. Evelyn Santosuosso Burke, Barnard School Class of 1947, to the school.

Margaret Miller then moved "that the District vote to allow the Superintendent of Schools, his staff and the principal to speak or answer questions when requested". Second by Daniel Mahoney - voted in the affirmative.

Margaret Miller moved "to present the warrant articles in the following order: #3, #4, #2, #1, #5, #6, #7. These could be found on page 74 in the Town Report". The Warrant now attached to page 275 in the records book. She explained that the warrants were printed before discussion between the board and Union Office took place. She also stated that it has been the goal of the board to bring a long range plan to bring a new building proposal to the town sometime in the future of five years. They would like to spend a minimal on the Barnard School because they don't own it and looking long range at getting out of it and don't want to spend a lot of money on it. She then explained what the different items were and why they should go in the new order. This motion was then voted in the affirmative.

ARTICLE III now I - Margaret Miller moved "the District raise and appropriate the sum of \$12,000 to perform work in the Barnard School recommended by the Deputy Fire Marshal". Judith Shivik second. It was noted the Budget Committee recommended \$7,000. Discussion by Walter Shivik of the Budget Committee pointed out that anyone could amend the article to reflect the \$7,000 because they felt \$7,000 was more appropriate than the \$12,000 and there are off setting funds going to be applied by the Barnard Trust. Edward Condon stated he felt the motion should stay as read as the building has been neglected long enough and should spend the money now. It was pointed out again that \$12,00 would be spent on the school, \$7,000 by the town and \$5,000 by the Barnard Trust. Ted Nelson asked what the money would be used for. Explanation as follows: \$4,650 interior stairs built by fire code; \$3,300 removal of asbestos material; \$500 to architect for stair design; \$930 to upgrade the fire alarm; \$750 for one hour fire code the boiler room by next year. This totals \$11,555 and \$500 for cost over runs. After a little more discussion, Pamela Noon then made an amendment to the motion "To see if the District will vote to raise \$7,000 to perform work in the Barnard School recommended by the Deputy Fire Marshall" second by Richard Kozec - voted in the affirmative.

ARTICLE IV now II - Margaret Miller moved "that the District vote to raise and appropriate the sum of \$5,000 to engage a consultant to determine the feasibility and cost of providing a water supply well and

a septic system to support school building modifications and/or improvements at the present school site". Second by Daniel Mahoney Florence Goldthwaite asked why is this need. Margaret Miller explained that the School Needs Committee met for months and the Rehabilitation Sub Committee brought forth recommendations. There are people who felt re-hab was the way to go rather than build a new school. In order for this to be done, we have to find out whether or not we can pass the inspection of the Water Supply and Pollution Control in terms of if we were to re-hab or add on to it in the future, whether our septic would be feasible, and whether the well would be feasible. As there were many who felt strongly that re-hab was the way to go, this article was put in. Walter Shivik spoke as chairperson of the Rehabilitation Committee and as the Health Officer. The State informed him that by the laws, there is a minimum of 3/4 of an acre required in order to site a system for the school in the event there was improvement or expansion. If not, the State would not approve the site for a septic system in an expansionable school. The State would not put this in writing; but stated to send plans and they will give an opinion. The other problem, having a public building like the school, you also have to have a well to support the facility assuming the present well will go bad. The State has been very strict about regulations on land area required for a new commercial well. Others asked questions and made statements of years past. Mr. Shivik stated, the Soil Scientist in the county will not come now unless we pay \$45 an hour. They do not do that free any more. Motion Lost

ARTICLE II now III: Margaret Miller moved "that the District vote to accept from the Town (if the Town votes to deed it) a parcel of land bounded on three sides by the parcel of Pow Wow River State Forest land which the District leases from the State of New Hampshire". Second by Daniel Mahoney - Ms. Miller explained this article was also on the Town Warrant asking the town to deed the land to the school district and the reason being, after preliminary discussion with the architects, they felt \$100,000 could be saved in site prep costs if a building were located down on the flat. There would be many other issues to consider as the placement of the tennis court and ballfield. Future boards will have to make decisions, but would guess they would be part of the school grounds. Many discussions have taken place regarding this. One is that the school district owns land and the town is running out of cemetery space. It was pointed out that when the town gave the land to the state in 1933, they kept that small piece which is the ballfield and tennis court now. People raising questions were Pamela Noon, John Russell, Vincent Early and Richard Kozec. Larry Baker pointed out that the school is the town and it will be the same people who will own the land and have access to it. After much discussion pro and con on the site choice, the board stated this is for the future of when and if a new school is planned everything will be in order. No money will be spent on the land and there is none in the budget this year. The article was then voted in the affirmative.

ARTICLE I now IV: Margaret Miller moved "that the District vote to establish a Capital Reserve Fund under the provisions of RSA 35 for the purpose of constructing and furnishing a new school building including related site work and to raise and appropriate the sum of \$50,500 to be placed in this fund". Second by Judith Shivik - Lutz Wallem explained what the Capital Reserve Fund is. Pamela Noon asked if this is voted

in, will it mean the board will go ahead with a new school. Ms. Miller stated that since 1969 there has been a School Needs Committee and that in no way does this indicate an immediate new school. Many townspeople voiced concern that the school board is set on a new school. Judith Shivik explained that in questionnaires returned and the meetings held, indicated that is what the people want, so that is the route taken in a long term goal. William Gleed made the motion "to indefinitely postpone the article", second by Pamela Noon. The motion was withdrawn as there was still a motion on the floor. With no further discussion, the moderator asked for a vote by show of hands. Lutz Wallem and the clerk were appointed counters. Vote - 72 YES - 62 NO Article voted in the affirmative.

ARTICLE V - Margaret Miller moved "that the District vote to authorize the South Hampton School Board to accept State and/or Federal grants and/or gifts for the South Hampton School District". Daniel Mahoney second - Voted in the affirmative

ARTICLE VI - Margaret Miller moved "that the District raise and appropriate the sum of \$631,343 exclusive of special money articles for the support of schools, for the salaries of School Officials and Agents, and for the payment of statutory obligations of the District". Second by Daniel Mahoney. The only question asked on the budget was by Larry Baker as to why the sports account decreased. It was explained that because of lack of players in softball, the program was dropped. The article was then voted in the affirmative.

ARTICLE VII - Margaret Miller moved "that the District accept the reports of Agents, Auditors, Committees or Officers chosen". Second by Daniel Mahoney - voted in the affirmative

ARTICLE VIII - Margaret Miller moved "to transact any other business that may legally come before said meeting". Second by Judith Shivik.

Ms. Shivik presented Margaret Miller with a plaque for the six years she has spent on the board and stated that the money the town spent on her education at Barnard School and Amesbury High, the town received back many times over. She encouraged other young adults to get involved in town as Margaret has.

Calvin Eaton invited all candidates and townspeople to the Grange Candidates Night.

Margaret Miller presented Superintendent Dr. Norman Katner with a token gift of appreciation on his retirement in July 1990.

With no other business to transact, Walter Hill made the motion to adjourn the meeting at 9:55 p.m. second by Judith Shivik. Voted in the affirmative.

Respectfully submitted,  
*Audrey G. Brunet*  
Audrey G. Brunet  
School District Clerk

**INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION**

To the Members of the School Board  
South Hampton School District  
South Hampton, New Hampshire

We have audited the accompanying general purpose financial statements of the South Hampton School District and the individual fund financial statements of the School District as of and for the year ended June 30, 1990, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the South Hampton School District at June 30, 1990, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

August 14, 1990

Barnard School  
Hilldale Avenue  
South Hampton, New Hampshire 03827

I hereby submit my report as principal of the Barnard School.

Enrollment for 1990-91:

Barnard School

Grade 1	-	6	Grade 5	-	12
Grade 2	-	7	Grade 6	-	8
Grade 3	-	14	Grade 7	-	10
Grade 4	-	8	Grade 8	-	8

Total Barnard School Enrollment - 73

Amesbury High School

Grade 9	-	6
Grade 10	-	7
Grade 11	-	12
Grade 12	-	8

Total High School Enrollment - 33

Construction of the new stairway resulting in moving the office to the first floor has been completed. Everyone has survived this disruption in normal school activities.

The first extensive handbook for the Barnard School was approved by the South Hampton School Board in the Fall of 1990. This was developed with the help of the staff, PTA, SAU Office, and the School Board.

The Barnard School in conjunction with its Arts and Humanities Program had Arthur Hall, a renowned Afro-American dancer, choreographer and movement specialist and his partner Kpe Peter Lee, for a one-week residency. By the residency's end students and faculty had come to a better understanding of Africa and African-Americans. The funds for this came from a Block Grant and money raised by the students and faculty.

Also part of our Arts and Humanities Program was a performance presented to all students in grades 1-8 by Andrew Schwartz, a juggler. The juggling program fascinated everyone.

Another major part of our Arts and Humanities Program was a ten-week residency by Emile Birch, a sculptor. The students of the Barnard School have created an indoor sculpture entitled "The Mythology of South Hampton." The unveiling of the sculpture is scheduled for February.

The Dare Program was presented to the Barnard School students by Officer Michael Frost. The first fifth-grade class graduated from the program in June. The program is continuing this year with grades 5-8.

The Barnard School had its first Young Inventors' Night. The program was a great success with parents and friends coming to see what the young inventors had created.

The staff, children and parents of the Barnard School came together to aid California earthquake victims. The Mintie White Elementary School in Watsonville, California was selected and a fund drive was initiated with over \$275.00 being collected.

The following programs and events are still going on annually at the Barnard School:

- a. Geography Bee
- b. Spelling Bee
- c. Young Authors' Conference
- d. Lip Sync Contest
- e. "Jumping for Heart" Physical fitness
- f. Officer Phil Safety Program
- g. Fire Safety Program
- h. Soup Day
- i. 100th School Day activities
- j. 8th Grade Bake Sale
- k. 8th Grade Raffle and Auction
- l. IFYE Speaker (4-H)

The following field trips were taken during the school year:

- a. Mountain climbing Mt. Major (grades 3 & 4)
- b. Mountain climbing Mt. Monadnock (grades 5 - 8)
- c. North Shore Music Circus (grades 1 & 2)
- d. Washington, D.C. & Williamsburg, Virginia (grade 8)

The South Hampton PTA's Volunteer Program has been very active this past year. Some of the activities include:

- a. Additional library time
- b. Computer Program
- c. Purchasing of needed equipment for the school

The South Hampton PTA is also sponsoring the following:

- a. Campbell Soup Label Program
- b. Partially funding the Arts & Humanities Program
- c. Money to all classes for Field Trips
- d. Purchasing of needed equipment for the school

The students and staff of the Barnard School appreciate the supportive efforts of the South Hampton PTA.

Two memorial funds were established during the 1989-90 school year, one in memory of Mrs. Estelle Oldak, and the other in memory of Mrs. Hazel Boivin. The money from these two memorials has partially funded the Great Books Program and a library reference collection to be used by students and faculty.

I would like to personally thank the Barnard School Trustees for making the school building a safer place for students and staff.

This is your school. Please feel free to visit.

Respectfully submitted,

*Terry Marinos*

## Report from the Superintendent of Schools

I am very pleased to submit this my first Superintendent's Annual Report for the South Hampton School District. This has been a year of transition for SAU #21 and the Barnard School with the retirement of Dr. Norman C. Katner and my arrival in July. Dr. Katner had worked extremely hard for the children of South Hampton and will be missed.

The major focus for the year were the efforts of the Barnard Trust and the South Hampton School Board to bring the school building as close to the Life/Safety Code as possible. Many hours were spent by Trustees and Board Members trying to decide the most appropriate approach to take. Eventually, a fire door, new boiler and redesigned stairway were installed, and asbestos was removed from several locations in the building.

While these short-term plans were going forward, the School Board also wrestled with the need for long-term strategies. Due to the tight economic picture and varying feelings in the community, no clear plans to build a new school have thus far been developed. The School Board continues, however, to explore options and has begun a review of the State Minimum Standards to bring the Barnard School forward educationally.

Principal Terry Marinos and the staff continue to deliver a quality education inspite of the disruptions various building projects have caused. One highlight for the community as well as the school was the Arts and Humanities Program with sculptor, Emile Birch. All South Hampton's students participated in the researching and creating of a sculpture entitled "The Mythology of South Hampton" which depicts numerous events in South Hampton's past.

SAU #21 and the South Hampton School District attempted to create unified vision for the future. This vision includes not only the teaching of basic skills but also the molding of students as creative thinkers and problem-solvers. South Hampton has also worked extremely hard to coordinate with the Amesbury Secondary Program as well as SAU #21. Thanks to the commitment on the part of the staff, the School Board and the community, the Barnard School will continue to move forward into the 21st Century.

Respectfully submitted,

James H. Weiss, Ed.D.,  
Superintendent of Schools
